Proceedings of the Madras Government, Public Department,

23rd January 1866.

No. 68. Read the following letter from the Principal Inspector General, Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Madras, 16th January 1866.

Kindly lay the enclosed before Government, and excuse a regular application from Dr. Reed not accompanying it. A certificate, *separate* from the *case*, did not come, so excuse my sending an authenticated copy.

I Robert Wilson, M. D., Zillah Surgeon of Tinnevely, do hereby certify that John L. Reed, Surgeon in the Uncovenanted Service at Tuticorin, is in a bad state of health, and I solemnly and sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and that the circumstances of his case are such as to render leave of absence for the period of 18 months, to proceed to Europe, absolutely necessary for the recovery of his health.

FORT SAINT GEORGE,
16th January 1866.

I do hereby certify that, according to the best of my professional judgment, after careful examination of his case, I consider the state of health of Dr. Reed, in the Uncovenanted Service of Government at Tuticorin, to be such as to render leave of absence for the period of 18 months absolutely necessary for his recovery.

No. 69. ORDER THEREON, 23rd January 1866, No. 53.

In the foregoing letter, the Principal Inspector General, Medical Department, has applied, on behalf of Dr. J. L. Reed, a private Medical Practitioner at Tuticorin, who receives from Government an allowance of Rupees 100 for affording medical attendance to the public servants at that station, for leave to proceed to Europe for 18 months. The application is supported by a Medical Certificate granted by the Zillah Surgeon of Tinnevely, in which, as also in the Certificate of the Principal Inspector General, Medical Department, Dr. Reed is described as being "in the Uncovenanted Service of Government at Tuticorin."

2. The Governor in Council observes that ~~the~~ is an erroneous description of Dr. Reed's position with reference to the Government. Dr. Reed is not an Uncovenanted Servant of the Government, in the ordinary sense of that term, and is not entitled to leave with an allowance, while absent under the Absentee Rules applicable to the Uncovenanted Service. He is simply a private Medical Practitioner, to

whom the Government pay a certain allowance for affording Medical aid to their servants at the station at which he happens to reside. The arrangement is one quite of a temporary character, which the Government are at liberty to discontinue at any time, and which will terminate on Dr. Reed's departure from India.
