Proceedings of the Madras Government, Public Department,

5th July 1866.

No. 37. Read the following letter from H. E. SULLIVAN, Esq., Acting Magistrate of Kurnool, to the Chief Secretary to Government, Fort Saint George; dated Kurnool, 30th May 1866, No. 18.

As directed in paragraph 3 of the Order of Government, dated 9th instant, No. 471, I have the honor to forward herewith, a Draft Notification, prepared in the prescribed form, of the resolution of Government to extend the provisions of the Towns Improvement Act to Kurnool. This is prepared in duplicate. No. 1 shows the Police Force, of the strength entered in the tabular Statement appended to the Proceedings of Government under reply. No. 2 specifies the strength to which, in the opinion of the Superintendent and myself, the Force should be raised. The ordinary proportion is one Policeman for 500 inhabitants; but, for some reason or other, it has been considered sufficient in Kurnool hitherto to provide only one Policeman to every 630 inhabitants. In recommending the addition of 13 Constables, I only propose, therefore, to put the Town Police on the same footing as the District Police. I have proposed a 2nd Class Inspector on Rupees 165, instead of a 4th Class at Rupees 85, at the suggestion of the Superintendent, who insists, with reason, on the expediency of retaining a Police Officer in charge of the Town Force, who is thoroughly acquainted with the town and its inhabitants, which could not be done if an Inspector of the lower grades was put in, as he would, if an efficient man, certainly get his promotion elsewhere.

2. I have also ventured to add the names of Lieutenant Trevor and Mr. Latham to the list of Commissioners, and have left a blank space for the name of the Civil Surgeon to be inserted. Dr. Keess has left the station and no one, as yet, has been appointed in his room.

3. The sanction of His Excellency in Council having been obtained, the Commissioners propose to raise the sum of Rupees 30,000, or thereabouts, for the purposes specified in Section 25 of the Act, (1) by tolls leviable under Section 51, (2) by taxes on carriages, horses, and other animals, leviable under Section 58, and (3) by fees for the registration of carts and other vehicles leviable under Section 67. Statements giving a detailed estimate of the expenditure which it is proposed to incur, and an estimate of the sums which it is expected will be realized under Schedules B. and C. are enclosed. These estimates of receipts have been framed on the only available data, viz., the return of traffic over the Hindry Bridge taken by the Public Works Department for the month of December last year. As tolls are only leviable on vehicles and animals entering the Municipal limits, one half the number given in the Public Works return was taken as the number liable to toll. There were no data available to compute the traffic at the other entrances (four in number) to the Municipal limits, but Major Flint, the Executive Engineer in charge of the range, estimated the aggregate traffic passing through all these entrances at one half of that passing the Hindry Bridge. This, in my opinion, is considerably under the mark, as the traffic from the Hyderabad territories is very large.

4. A glance at the abstract Memorandum of estimated receipts and expenditure will show that the former exceed the latter by Rupees 9419. But this is not really the case, for, as the animals and vehicles licensed and registered under Sections 59 and 66 will be exempt from payment of tolls, the amount realizable under Schedule C cannot be added to the amount leviable under B; so that, in fact, there

*Proceedings of the Madras Government, Public Department,
5th July 1866.*

will only be a margin of Rupees 2666 in favor of the receipts, which, considering that they can only be approximately estimated, is not too wide.

5. The direct incidence of the tax is obvious. It will, in the first instance, fall on the carriers and producers, but, like most other taxes, will eventually be borne by the consumers, and will be barely felt by individuals. With reference to the concluding sentence of paragraph 3 of the Proceedings of Government under reply, I would observe that it is impossible to estimate the number of persons likely to be affected by it, or the average rate of payment per head.

6. It will, doubtless, be remarked that my predecessor in Office, Mr. Minchin, proposed only to raise the sums marginally noted; but he must, I think, have had it in contemplation to continue the water-rate at present levied to meet the Irrigation Company's charge for water supplied to the town, and to defray the cost of constructing distributing channels for the same. The total annual demand, under this head, amounts to Rupees 8468, and if Mr. Minchin intended to have foregone this source of income, I do not see what Conservancy measures he could have carried out with the very limited sum he proposed to raise, as Rupees 2000 of the amount was payable to the Irrigation Company for water. It is clear that the old water-rate cannot be levied, under its present conditions, after the provisions of Act X of 1865 have been extended to the town, and I have, therefore, entered the charge for water and for its proper distribution in my estimate of expenditure.

7. This estimate has been prepared in communication with the Surgeon of the 28th Regiment, in temporary charge of the Zillah, and the Executive Engineer of the Range. It has also been submitted to the gentlemen whom it is proposed to appoint as Municipal Commissioners.

8. Copy of the traffic return, on which the estimate of receipts under Schedule B was framed, is forwarded herewith.

P. S.—The Head Assistant Magistrate's Report on the Town of Cumbum shall be forwarded as soon as received.

KURNOOL, MAGISTRATE'S OFFICE,
30th May 1866.

(Signed) H. E. SULLIVAN,
Acting Magistrate.

No. 38. ORDER THEREON, 5th July 1866, No. 676.

In the above letter the Acting Magistrate of Kurnool, Mr. H. E. Sullivan, submits the arrangements he proposes for carrying the Towns' Improvement Act into effect in the town of Kurnool.

2. The proposed expenditure for Municipal purposes amounts to about Rupees 30,000.

3. The Acting Magistrate and Superintendent of Police propose to raise the cost of the Town Police Force from Rupees 6612, the present charge, to Rupees 8620. The Inspector General of Police recommends the present establishment as sufficient, and without discussing

Vide Statement A. in Proceedings of Government, Public Department, 9th May 1866.

the question whether an increase may not before long prove expedient, the Government are not prepared to burden the Municipality at the very outset with so large an additional expense as the local Officers propose.

6
Proceedings of the Madras Government, Public Department,
5th July 1866.

4. The Conservancy expenditure amounts to Rupees 23,322, but the Acting Magistrate has mixed up charges under Section 25 with charges under Section 29 of the Act.

5. The following items clearly come under Section 29.

	RS.
1. Irrigation Company for water supply.....	2,000
2. Construction of distributing channels.....	6,000
3. Purchase of Lamp-posts and lighting	2,000
4. Neerkatties or Water distributors.....	120
	<u>10,120</u>

6. The remaining charges, amounting to Rupees 13,202, fall under Section 25 of the Act. The erection of Toll bars, of which the number should have been specified (estimated to cost Rupees 4000) need not be incurred entirely during the first year. A moiety of the proposed sum seems sufficient. The establishment charges are very high, Rupees 4000, and should be reduced as far as practicable.

	RS.
Police.....	6,612
Conservancy, under Section 29.....	10,120
Do. do. 25.....	11,202
	<u>27,934</u>

7. The expenditure, as now modified, will amount to Rupees 27,934 as shown in the margin.

8. It is proposed to raise the requisite funds by means of Tolls, taxes on carriages, &c., and fees for the registration of carts.

9. The income under the first head is estimated at Rupees 27,108, but will apparently amount to 20,000 Rupees, or thereabouts, as allowance has not been made for the exemption of licensed vehicles.

10. The second and third sources of Revenue are expected to yield Rupees 6753.

	RS.	A.	P.
1 of Police charge.....	1653	0	0
1 of charges under Section 25.....	2809	8	0
	<u>4453</u>	<u>8</u>	<u>0</u>

11. The State contribution will amount to Rupees 4453-8-0, as detailed in the margin.

12. The total income of the Municipality will thus be Rupees 31,207, or

Rupees 3273 above the estimated expenditure. Considering that both Income and Expenditure are only *estimated*, some margin is very necessary.

13. The Governor in Council determines, under Section 27 of the Act, that the total amount to be raised and expended during the current year, for the purposes specified in Section 25 of the Act, shall be Rupees 17,814, whereof Rupees 4453½ shall be contributed by Government to the Municipal Fund.

14. And under Section 29 of the Act, the Governor in Council authorises the Municipal Commissioner of Kurnool to raise and expend such additional amount as may appear to them necessary for other Municipal purposes than those specified in Section 25 of the Act.

15. A Notification in terms of the Act will now be issued.

NOTIFICATION.

FORT SAINT GEORGE, 5th July 1866.

His Excellency the Governor of Fort Saint George in Council extends the provisions of the Towns' Improvement Act, 1865 (Madras Act X of 1865), in manner hereinafter set forth, and hereby declares, in accordance with the provisions of Section 4 of the said Act, that the Fort and Pettah commonly called and known as the Town of Kurnool, in the District of Kurnool, in the Presidency of Fort Saint George, together with the several villages, suburbs, stations, and bazaars which heretofore have been, and now are, called and known by the several names of

Rosa.
Kotta Pettah.
Cullooroo.
Boothavara Pettah.
Malaghère.
Jorapuram.

and all other places situate and lying within the boundaries hereinafter specified, that is to say;—

On the north—the River Toongabudra;

On the west and south—the Madras Irrigation Canal;

On the east—a stream at right angles to the Canal and flowing under it at the 20th mile—

shall be united for the purposes of the said Act, and shall be hereafter designated, for the purposes of the said Act, by the name of “the Town of Kurnool”, and that all persons residing within the said boundaries shall be deemed to be inhabitants, within the meaning of the said Act, of the said Town of Kurnool, as so declared to be united as aforesaid. His Excellency in Council, in accordance with the provisions of Section 5 of the said Act, hereby extends the said Act to the said Town of Kurnool, as so declared to be united as aforesaid.

2. His Excellency in Council, in accordance with the provisions of Section 6 of the said Act, hereby appoints the undermentioned persons, being inhabitants of the said town of Kurnool, as so declared to be united as aforesaid, to be Town Commissioners, in addition to the Magistrate of the District of Kurnool, and the Officer of the Public Works Department in executive charge of the range in which the said town of Kurnool, as so declared to be united as aforesaid, is situated, who are Ex-officio Commissioners, under Section 8 of the said Act, for carrying out in such town the purposes of the said Act, that is to say—

1. The Civil Surgeon.
2. Lieutenant Francis Randolph Trevor, Acting Superintendent of Police.
3. John Herbert Latham, Esq.
4. Samuel Trant McCarthy, Esq., Assistant Magistrate.
5. Adacke Sudarshana Row, Deputy Collector.
6. Vellore Comaraswamy Moodelliar, Deputy Collector.
7. Kala Khan Hoosainzee.
8. Medum Venganna.
9. Yelkoor Venkut Sheshya.
10. Narrain Vecutrunyum Chetty.
11. Narrain Kishitaya.

Proceedings of the Madras Government, Public Department.

5th July 1866.

3. His Excellency in Council, in accordance with the provisions of Sections 26 and 27 of the said Act, further determines and directs that the number of Police to be maintained in the said town of Kurnool, as so declared to be united as aforesaid, shall be 46, and that such Police shall be of the description hereinafter mentioned, and shall be paid at the rates hereinafter specified, that is to say—

1 4th Class Inspector, at Rupees 85 per mensem.

3 Head Constables, at Rupees 22 each per mensem.

3 Deputy do. at " 12½ " "

13 1st Class do. at " 8 " "

26 2nd Class do. at " 7 " "

and that the total amount that shall be raised and expended in the said town of Kurnool, as so declared to be united as aforesaid, during the year ending on the 30th April 1867, for the purposes specified in Section 25 of the said Act, shall be Rupees 17,814 of which sum 25 per cent., or Rupees 4453-8-0 shall be contributed by Government to the Municipal Fund.

(True Extract).

Acting Chief Secretary.

To the Magistrate of

„ Inspector General of Police.

„ Accountant General.

N^o 18

Kurnool. Magistrate's Office.

30th May 1866.

Dear Sir,

M. P. Sullivan Esquire,

Mr. Magistrate of Kurnool.

Dear Sir,

The Honorable A. J. Ashburnton,

Chief Secretary to Government,
Fort Saint George.

Sir,

As directed in para 3 of the order of Government dated 9th Instant N^o 471, I have the honor to forward herewith a Draft Notification prepared in the prescribed form of the resolution of Government to extend provisions of the Town's Improvement Act to Kurnool. This is prepared in duplicate. No 1 shows the Police force of the strength entered in the Tabular Statement appended to the Proceedings of Government under reply. No 2 specifies the strength to which in the opinion of the Superintendent and myself the force should be raised. The ordinary proportion is one police man for 6000 and

but I have some reason to think

it has been considered sufficient in ~~the~~ ^{the} ~~hitherto~~ ^{hitherto} ~~to provide~~ ^{to provide} only 1 policeman to every 630 inhabitants. In recommending the addition of 13 constables I only propose therefore to put the Town police on the same footing as the district police. I have proposed a 2nd class Inspector on Rs 165 instead of a 4th class at Rs 85. The suggestion of the Superintendent who insists with reason on the expediency of retaining a police officer in charge of the Town force who is thoroughly acquainted with the town & its inhabitants, which could not be done if an Inspector of the lower grades was put in as he would, if an efficient man, certainly get his promotion elsewhere.

2. I have also ventured to add the names of ~~Mr.~~ Trevor and Mr. Latram to the list of Commissioners and have left a blank space for the name of the Civil Surgeon to be inserted. Doctor Press has left the station and no one as yet has been appointed in his room.

3. The sanction of His Excellency in Council has been obtained the Commissioners propose

propose to raise the sum of Rs 3000 or thereabouts for the purposes specified in Section 25 of the Act by tolls leviable under Section 57, by taxes on Carriages, horses & other animals, leviable under Section 58 and by fees for the registration of Carts and other vehicles leviable under Section 67. Statements giving a detailed estimate of the expenditure which it is proposed to incur and an estimate of the sums which it is expected will be realized under Schedules B. & C are enclosed. These estimates of receipts have been framed on the only available data viz the return of traffic over the Kumbly Bridge taken by the Public Works Department for the month of December last year. As tolls are only leviable on vehicles & animals entering the Municipal limits, one half the number given in the Public Works return was taken as the number liable to toll. There were no data available to compare the traffic at the other entrances & one number for the Municipal limits in

Major Flint the Executive Engineer in charge
of the Danga estimated the aggregate
traffic passing through all these entrances
at one half of that passing the Hindry
Bridge. This in my opinion is considerably
under the mark as the traffic from the
Hyderabad Territories is very large.

4. A glance at the Abstract Income & esti-
mated Receipts and expenditure will
show that the former exceed the latter
by Rs 9419. But this is not really the case
as the animals and vehicles licensed
and registered under Section 59 will
be exempt from payment of tolls the amount
realizable under Schedule C. Cannot be
added to the amount leviable under
D. so that in fact there will only be a
margin of Rs 2,666 in favor of the receipts
which considering that they can only be
approximately estimated is not too wide.

5. The direct incidence of the tax
is obvious. It will in the first instance
fall on the carriers & producers but like

most other taxes will eventually be borne
by the Consumers, and will be barely
felt by individuals. With reference to the
Concluding Sentence of para 3 of the
proceedings of Government under reply I would
observe that it is impossible to estimate
the number of persons likely to be affected
by it or the average rate of payment per
head.

6. It will doubtless be remarked
that my predecessor in office Mr. Hinchin-
proposed only to raise the sum of Rs 10,000.

7. Maintenance of Police 7,500
Conservancy 2,500
Total Rs 10,000
at present levied to meet the Irrigation
Company's charge for water supplied to the
town and to defray the cost of constructing
distributing channels for the same.
The total annual demand under this
head amounts to Rs 8468 and if
Mr. Hinchin intended to have raised
the sum of Rs 10,000

that Conservancy measures could have
carried out with the very limited sum
he proposed to raise as Rs 2000 if the
amount was payable to the Irrigation
Company for water. It is clear that the
old water rate cannot be levied under
its present conditions after the provisions
of Act II of 1865 have been extended
to the town & I have therefore entered
the charge for water & for its proper
distribution in my estimate of expenditure.

1. This estimate has been prepared
in communication with the Surgeon
of the 28th Regiment in temporary charge
of the gillah & the Executive Engineer
of the Dunge. It has also been sub-
mitted to the gentlemen whom it is
proposed to appoint as Municipal
Commissioners.

8. Copy of the traffic and
return on which the estimate of receipts
under Schedule D. was framed.

Forwarded herewith.

I have the honor to be,
Sir,
Your most Obedient Servant,
M. M. M. M.
Acting Magistrate.

Sd/- The Head Assistant Magistrate.
report on the Town of Junbun shall
be forwarded as soon as received.
M. M. M. M.

sufficient & in that
discussing the question
whether an increase
may not be very long
before expedient, the
fact are not prepared
to burden the Muni-
cipality at the very
out set in it to carry
an additional ex-
-penditure as the local
officers propose.

The Conservancy
expenditure
charges amount to
Rs. 23,322. But the
M. Magte has mixed
up charges under
Sect XXV with the
under Sect ~~XXIX~~ of
the Act.

Under ~~Sect XX~~
the following may be

nothing has been said about
the present force having proved
deep insufficient. I would like
the Inspector General's opinion
and have no present objection.
I am

7

should not they do

The following items
clearly come under
Sect ~~XXIX~~

1. Irrigation Co for Water supply — 2000.
 2. Construction of Distributing channels — 6000
 3. Purchase of Lamp posts & Lighting — 2000.
 4. Neer Katties or Water Distribution — 720
- 10,720

The first and under the
Municipal Comm. to
aid ~~the~~ ~~the~~
funds for these
purposes under Sect
~~XXIX~~ of the Act.

The remaining
charges, amounting to
Rs. 13,202, fall under
Sect ~~XXV~~ of the Act.

The erection of Zilla
bars is estimated to cost
Rs. 4000 / need not be
incurred entirely

of which the number
should have been specified

the first year. The
 history of the past
 year seems to indicate
 that the other items
 charges and say by
 Rs 4000. and should
 be reduced as far
 as practicable.

The expenditure
 which will amount
 to Rs 27,934 as
 shown in the margin.

It is proposed to
 raise the requisite
 funds by means of
 a toll - say on
 Carriages & 2 paise
 for the registration of
 carts.

The income under
 the first head is

	R.
Police -	6,612
Conservancy	
under Sect XXIX -	10,120
Do under	
Sect XXV -	11,202
	<u>27,934</u>

$\frac{1}{4}$ of Police charge -	Rs 1653
$\frac{1}{4}$ of Charges under	
Sect XXV -	2801
	<u>4454</u>

estimated at Rs
 27,000. but will be
 from the amount
 only Rs 20,000 to
 thereabouts - as allow-
 ance has not been
 made for the execution
 of licensed vehicles.

The second source
 of revenue are expected
 to yield Rs 8753.

The State contri-
 bution will amount
 to Rs 4454 as
 detailed in the margin.

The total income
 of the Municipality
 will thus be Rs 31,207
 or Rs 3273 above
 the estimated ex-
 penditure. Con-
 sidering that both
 income & expenditure
 are only estimates

The amount is
~~to be~~ necessary
 for the ~~purpose~~ thereof
 will be paid deter-
 mined under Sect
~~1781 1/2~~ of the Act
 that the total amount
 to be raised by
 during the current year
 be paid for the
 purposes specified
 in Sect ~~1781 1/2~~ of the
 Act shall be Rs
 1781 1/2 where of Rs
 4453 1/2 shall be
 contributed by
 paid to the Municipal
 Fund.

And under
Sect ~~XXIX~~ of the
Act the said authorities
the Municipal Com^{rs}
of Merioneth to raise
and spend such

yes. but see how loosely
worked in the notation is a
reference to "the 20 mile" -

to the Magistrate of Salt District
Inspector of Police
and General.
Gazette - 6/7/66.

It would be only fair to
assume that each was the
meaning of this Lecture -
W.D.

Advertising to the friends,
and in conn. with the Acting
Supt. of Police, Mr. Sullivan
desires to raise the pay of the
present Police Inspector from
\$785 to \$1,100.

3. additional amount
as may appear to them
necessary for their
Municipal purposes,
than those specified
in Sect XXV of the
Act.

A notification
in terms of the Act
will now be issued.

hste.

I take it for
granted that the
bill pay 1/4 of the
Expense of working
the act - i.e. collecting
the money &c. but
Sect XXXV says nothing
on the subject -

perhaps to observe
that as a rule it is not
good policy to retain too
long in an office of this
kind, the same individual.
The form of continued residence
and the increasing sound of
duty, many hope & desire
it in the long run leads him
into difficulties & of this cause
injustice. An occasional
change of position and
a little new blood is almost
a matter of necessity.
