Proceedings of the Madras Government, Public Department.

22nd August 1866.

Read the following papers :—

No. 139. From the Examiner of Claims, to the Acting Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 21st July 1866, No. 189.

The Surgeon of the 1st District included in his bill for June last an item of Rupees 700, as charges for 25 iron cots, which this Department said could not be admitted, without the special sanction of Government. Enclosed is Dr. Johnston's reply, and I have the honor, by direction of the Accountant General, to inquire whether Government intended, when passing their Proceedings of 28th September 1865, No. 1016, that I should admit all charges of the Medical Department which have been passed by the Examiner of Accounts, Medical Department, without question.

2. In their Proceedings, No. 452, dated 2nd May 1866, Public Department, Government specially accorded sanction to precisely the same charge to that in question, on account of the General Hospital.

No. 316.

MEMORANDUM.

In re-transmitting the Bill of the Leper Hospital for June 1866, the undersigned has the honor, in reply to Memorandum, No. 158, dated 12th July 1866, from the Examiner of Claims, to state that the special sanction of Government for the iron cots is unnecessary. Iron cots are included in the allotment of articles to be supplied to Hospitals sanctioned by Government, and the bill having been scrutinized and passed in this office, agreeably to Proceedings of Government, No. 1016, dated 28th September 1865, the amount may be disbursed.

Memorandum

In para 11 of their Report of March 1865, the Committee, appointed to report on the expenditure in the Hospitals of the Civil Institutions in the Presidency, stated that under the system then in force the Bills of the Contractors for Hospital supplies were examined in the Office of the Principal Inspector General, Medical Department, with a view to ascertain that the vouchers were correct, and that they were afterwards forwarded to the Examiner of Claims for audit and payment. As it was, however, desirable that the consumption of extras should be curtailed, as far as possible, consistent with

with the welfare of the sick,
they were of opinion that the
expenditure in the Civil
Hospitals of the Presidency
should undergo the same
scrutiny as that in Military
Hospitals. With this view,
they suggested that all Bills
for Civil expenditure should
be sent to the Medical Examiner
for per-audit, who, when
satisfied that they were cor-
rect and contained no un-
necessary expenditure, was to
pass them on to the Examiner
of Claims. The Government,
in para 9 of their Proceedings
of the 28th September 1865 A. 1016,
approved of the proposal that
the expenditure in question
should be scrutinized by
the Examiner of Medical
Accounts.

The Principal Inspector
General has now submitted
an estimate for iron etc

Native Infirmary and Leprosy
Hospital. The charge, though pass-
ed by the Examiner of Medical
Accounts, the Examiner of
Claims has declined to allow
for want of Government sanc-
tion. Mr. Donaldt therefore enquired
whether the Government intended
by their Order of the 28th September
1865 A. 1016 that his Department
should admit, without question,
all charges passed by the Exami-
ner of Accounts, a different
course having been recently
pursued in the case of the
General Hospital, in which
a precisely similar charge was
submitted for the sanction of
Government.
