*Proceedings of the Madras Government, Public Department,
27th August 1866.*

Read the following papers:—

No. 158. From Messrs. BOYSON, BROCKMAN, and PRICHARD, Solicitors, Madras, to the Creditors of the late Firm of Messrs. PHAROAH and Co., of the Mount Road at Madras; dated Madras, 5th June 1866.

We beg to inform you that it has been considered desirable to assign over all the outstanding credits and other assets of the late Firm of Pharoah and Co. to a Trustee, for the purpose of his realizing them, as far as may be practicable, and distributing them rateably, and by periodical dividends, amongst the creditors of the Firm.

2. We represent the principal creditor, the Executrix of the late Mr. Peter Carstair's Will, and other creditors for small amounts; and our conclusion being that the above course was that which was best calculated to promote the interests of the general body of Pharoah and Co.'s creditors, we have prepared the necessary Deed for vesting the assets in John Miller, Esq., of Madras, on the Trusts above-mentioned; and such Deed has been executed by the necessary assignors.

3. Mr. Miller's position and establishment, as Administrator General, gives him special facility for discharging effectually the duties of the Trust.

4. The Deed is now lying in Mr. Miller's Office, in the High Court House; and we would suggest your calling there and executing it as soon as practicable.

5. Unless you become parties to it, you will not be entitled to any interest under its provisions; and we see fair reason to hope that Mr. Miller will be in funds to declare a dividend in the course of a very few weeks.

No. 159. From the Government Solicitor, Madras, to the Acting Under Secretary to Government, Fort Saint George; dated Madras, 25th June 1866, No. 359.

Referring to the Order of Government noted in the margin (and herewith returned, for reference in case of need) I have the honor to report that I called upon Mr. Walter, lately in charge of Messrs. Pharoah and Co.'s business, to inform me whether the amount of Rupees 56-14-6 was ever paid to Government; how the amount of Rupees 135-3-6 which stood at credit of the account in Messrs. Pharoah and Co.'s Books was made up; whether it included the Rupees 56-14-6 before mentioned; whether Messrs. Pharoah and Co. ever rendered an account sale up to December 1863, &c., &c.

Dated 9th June 1866, and endorsed on Circular addressed by Messrs. Boyson, Brockman, and Prichard, to Messrs. Pharoah and Co.'s Creditors, dated 5th idem.

*Proceedings of the Madras Government, Public Department,
27th August 1866.*

2. I now send, for your information, Mr. Walter's original reply, together with the Account Sales and Statements which he has rendered me, and shall be obliged by your having them carefully examined and checked, and then returned to me with a report thereon, and a Statement showing the amount which your Department alleges to be due.

3. I will also thank you to inform me whether Messrs. Pharoah and Co. du^t returned all unsold books belonging to Government.

From Mr. A. WALTER, to J. R. BOYSON, Esq., Government Solicitor; dated Kilpauk, 14th June 1866.

I beg to acknowledge receipt of your letter of the 12th instant, and to inform you, in reply, that the sum of Rupees 135-3-6 at the credit of Government is the gross amount of books sold on account of Government. The sum of Rupees 56-14-6 never appears to have been paid to Government, nor does any account sale appear to have been rendered subsequent to 31st December 1861. I shall lose no time in making up the account, and hope to send it to you on Monday morning.

Proceedings of the Madras Government, Public Department,
18th July 1867.

No. 176. Read the following letter from the President of the Municipal Commissions, Kurnool, to the Acting Chief Secretary to Government, Fort Saint George; dated Kurnool, 29th June 1867, No. 90.

I have the honor to submit my report on the working of the Towns' Improvement Act (X of 1865, Madras) in Cumbum, of this District. The delay is owing to Mr. Sharp having been appointed to act as Sub-Collector of Nellore, and Mr. Cruickshank to this District, about the close of the municipal year.

2. The Act was introduced into Cumbum under the Proceedings of the Madras Government, under date the 13th September 1866, No. 929, and came into operation from the 1st November 1866.

3. The subjoined statements will show the actual receipts and disbursements during the past half-year of 1866-67, and the probable receipts and proposed disbursements during the ensuing year. It will be observed that Rupees 2,299-11-0 (exclusive of the Government grant-in-aid) were collected, the estimate being Rupees 3192-8-0. Of this sum Rupees 759 were expended for the purposes of conservancy, and payment of the establishment, leaving a balance of Rupees 1540-4-8 in hand.

4. The cost for the Police, viz., Rupees 2066-2-9, was, by an oversight, not credited or rather paid into the Treasury, as provided in the Act, but this will be done at once, as the balance in hand with the Government grant-in-aid,* at 25 per cent. of the actual collections, which had also not been credited to the Municipality, will meet the demand, and leave a small overplus.

* Rupees 574-14-9.

5. The Vice-President, though he does not actually object to the charge made by the Police, states that a portion of the amount should be refunded to the Municipality, viz., the salary of a Deputy Head Constable for 3 months or more, as there was but one Deputy Head Constable during the latter months of the half-year. I will address the Superintendent of Police on the subject, and think the Vice-President is correct in his view of the case.

6. The estimate of probable collections shows that the Municipality will have at their disposal Rupees 4893, plus Rupees 1223-4-0, the Government grant, making a total of Rupees 6116-4-0. Of this sum, the amount to be paid into the Treasury on account of the Police will be Rupees 3664-2-0, leaving Rupees 2452-2-0 for other purposes. The Vice-President proposes to lay out Rupees 1812 on the establishment, and Rupees 900 on works. If the tolls are let out, a saving on the outlay on account of the extra establishment will be effected. This step may tend to swell the receipts, as the toll gates may in all probability fetch more than what is collected now, exclusive of the establishment.

No. 177. ORDER THEREON, 18th July 1867, No. 854.

From the foregoing letter and its enclosures, it appears that the sum realized by the Commissioners for the town of Cumbum, in the Kurnool District, during the half-year ending on the 30th April 1867, was Rupees 2,299-11-0. The amount estimated was Rupees 2648.

2. A sum of Rupees 759 has been expended on conservancy and establishment; and to meet the Police charges, which, according to the President's letter, amount to Rupees 2066-2-9, and the cost of which has not yet been credited to Government, there is a sum of Rupees 2110-14-9 available, being the balance at present in hand together with the Government contribution of Rupees 574-14-9, due to the Commissioners on actual collections and total expenditure.

3. With regard to the Police charges, the Government observe that the sum sanctioned for this purpose during the past half-year was Rupees 1847; they do not, therefore, understand how the actual charges amount to Rupees 2066.

4. The total amount to be raised and expended during the current year is estimated at Rupees 6116-4-0; of this sum Rupees 3664-2-0 will be expended in defraying Police charges, and the remainder on conservancy and establishment. The Commissioners propose to raise, themselves, Rupees 4893, which sum together with the Government contribution, which is to be calculated on the total expenditure, and not on the amount to be raised by the Commissioners alone, as calculated

by the President, will place Rupees 6487-8-0 at the disposal of the Commissioners. This sum, though considerably larger than that estimated by the President, will not be excessive, as compared with intended expenditure, as shown in the margin.

5. These proposals are approved, and the following Notification will be published at once.

NOTIFICATION.

Fort Saint George, 18th July 1867.

The Governor of Fort Saint George in Council, in accordance with the provisions of Section 6 of (Madras) Act X of 1865, hereby appoints the undermentioned persons, being inhabitants of the town of Cumbum, as described and designated in the Notification published in the *Fort Saint George Gazette* dated the 13th September 1866, to be Town Commissioners for the purposes of the said Act, during the year ending on the 30th April 1868, in addition to the Officers who are, under the provisions of Section 7 of the said Act, Ex-officio Commissioners for the towns within their respective charges, that is to say—

No. 519. Read the following letter from the Municipal Commissioners for the Town of Madras, to the Secretary to Government, Department Public Works, dated Madras, 4th May 1866 :—

1. We have the honor to solicit the consideration of Government to the Order of Government, No. 127, dated 14th January 1865, postponing the execution of certain works necessary to complete the arrangements consequent on the transfer of the wild animals belonging to the Museum, from the compound of that institution to the People's Park.

2. Government having at a subsequent date transferred the charge and maintenance of the People's Park to the Municipal Board, and having also recently approved of a proposition to construct a new Terminus Station of the Railway on the east bank of the canal, we abstain from soliciting a grant of the amounts of the estimates for an iron suspension bridge No. 1, and for the incidental expenses particularized under Nos. 8 and 10, 11, 12, and 13.

3. But we respectfully beg a consideration of the remaining estimates, Nos. 2, 3, 4, 6, and 7, being solely needed for the proper care of the animals, the property of the Museum, kept for greater convenience in the People's Park, and Nos. 5 and 9, being for works to complete the original plans of the Park, and therefore admissible charges under the rulings of the Supreme Government.

Port St George.

Sir,

I have the honor to submit
my report on the working of
the Town's Improvement Act
(~~of 1866~~ of 1865 Madras) in connection
of this District. The delay is
owing to Mr Sharp having
been appointed to act as
Sub Collector of Tellico, and
Mr Bruckshank to this Dis-
trict, about the close of the
Municipal year.

2. The act was introduced
into ~~Legislature~~ under the
Proceedings of the Madras
Government under date the
13th September 1866, No 929

and

and camera's operation -
from the 1st November 1866.

3. The subjoined state-
ments will show the actual
receipts and disbursements
during the past half year
of 1866/67, and the probable
receipts and proposed dis-
bursements during the
ensuing year. It will
be observed that Rs 2299 11-0
(exclusive of the Government
grant in aid) were collected
the estimate being Rs 3192-8-0.
Of this sum Rs 759 were
expended for the purposes
of conservancy, and pay-
ment of the establishment,
leaving a balance of -
Rs 1540-4-8 in hand.

The cost for the
Police viz Rs 2066-2-9 was by an
oversight, not credited or
rather not paid into the
Treasury, as provided in the

Rs 574-14-9

Act, but this will be done at once,
as the balance is in hand, with
the Government grant in aid
at 25 per cent of the actual -
collections, which had also not
been credited to the Municipality,
will meet the demand and
leave a small surplus.

The Vice President tho'
he does not actually object to the
charge made by the Police, states
that a portion of the amount
should be refunded to the
Municipality, viz the salary
of a Deputy Head Constable
for 3 months or more, as
there was but one Deputy Head
Constable during the latter
months of the half year. I
will address the Superintend-
ent of Police on the subject
and think the Vice President
is correct in his view of the
case.

The estimate of probable
collections shows that the
Municipality will have at
their disposal Rs 4,893 plus
Rs 1223-4-0 the Government
grant

The receipt must
be from the
1st Nov 1866

grant creating a total of Rs. 6116-1-0. Of this sum, the amount to be paid into the Treasury on account of the Police will be Rs. 3664-2-0 leaving Rs. 2452-2-0 for other purposes. The Vice-President proposes to lay out Rs. 1812 on the establishment, and Rs. 900 on books. If the tolls are let out a saving on the outlay on account of the extra establishment will be effected. This step may tend to swell the receipts as the Toll gates may in all probability fetch more than what is collected now, exclusive of the establishment.
