Proceedings of the Madras Government, Public Department,
29th July 1867.

Read the following papers:—

No. 289. From C. MOOROOGA PILLAY, Writer on the Establishment of the Sheriff of Madras, to the Sheriff of Madras; dated Madras, 3rd April 1867.

With reference to the Notification published in the *Fort Saint George Gazette*,* relative to the Uncovenanted Civil Service Examination, servants above the grade of peons in the Government Service and whole establishments of such office were, before the year 1859, when the above examination came into operation, considered eligible for the Government Service, and were accordingly exempted from passing the said examination.

* 4th March 1858, page 395.

2. Since August 1855, during your Shrievalty, I have been employed in the Mofussil Department of the Sheriff, and paid from and out of the allowance allowed by the Government on account of the execution of Mofussil process, under Act XXIII of 1840, also discharging other duties entrusted to my charge, in addition to the Mofussil business, in consequence of the increase of business in the Sheriff's Department after the amalgamation of the Courts; and, moreover, I am also in charge of accounts of the Sheriff with the several Attorneys of the High Court on account of fees payable to Government in execution of the above process issued by the High Court, and also rendering such assistance as may be required to others in the office, and more especially during the quarterly Criminal Sessions.

3. As regards my qualification in the official branch of business, I humbly beg to refer you to E. W. Shaw, Esquire, the present and long standing work demanding gentleman (Deputy Sheriff) in the office, who, I believe, beyond all doubt, will bear testimony in support of my statement, besides certificates of my character granted by several employers, copies of which are herewith annexed.

4. I now beg to bring to your notice that, when the late Sudder and Supreme Courts were amalgamated, some of the clerks of the late Supreme Court and of the offices of the Interpreter, Chief Clerk of the Insolvent Court, &c., were paid from and out of the fees allowed by Government, and these have all been exempted by Government from passing the Uncovenanted Civil Service Examination, and their former services before the amalgamation of the said Courts reckoned for pension, which privilege and exemption may also be extended to the Mofussil branch of the Sheriff's Department, which is a separate establishment in itself, but connected with the High Court, Original Side.

5. Under all these circumstances, I humbly beg you will be good enough to recommend my case to Government through the Chief Secretary, and have me exempted from passing the above examination, and my former service in the Mofussil Department may be reckoned for pension, for which act of kindness I shall, as in duty bound, ever pray.

MEMORANDUM.

The enclosed petition is referred to the Chief Secretary to Government.

The service of the petitioner cannot be verified from the records of this office, as he appears, from the accompanying correspondence, not to have been paid from the amount sanctioned by Government for the permanent establishment, but, in the first place, from the monthly allowance of Rupees 200 formerly drawn by the Sheriff, and, latterly, by the Sheriff out of his consolidated salary.

From the Sheriff of Madras, to the Examiner of Claims, Fort Saint George; dated Madras, 10th July 1867, No. 241.

I have the honor to acknowledge the receipt of your Memorandum of the 7th instant, No. 478.

2. C. Moorogoo Pillay alleges that the statement made in paragraph 4 of his petition was based upon information he obtained from certain employés of the late Supreme Court who were placed upon the fixed establishment of the High Court under the arrangements sanctioned in June 1863. These persons appear to have told him that their former services would be allowed to count towards pension in the same way as if they had formerly been drawing their salaries from Government, inasmuch as the offices in which they had been employed previously to the amalgamation of the Courts had since become regular fixed establishments of Government.

3. Moorogoo Pillay did not intend to represent as an existing fact that any of such employés had really been allowed to reckon former services towards pension; but he and his informants appear to have taken it for granted, rightly or wrongly I cannot say, that such would be the effect of the arrangement under which such employés have become Government servants.

4. Moorogoo Pillay has brought to my notice the case of P. Narrainsawmy Naidoo, who was employed as a Writer under Mr. Clement Dale, the Receiver of the Carnatic property, for about 11 years. He was paid by Mr. Dale out of the commission received by him as Receiver. By an Order of Government, dated 30th January 1867, No. 113, Public Department, Narrainsawmy Naidoo was exempted from passing the Uncovenanted Civil Service Examination.

2. C. Moorogoo Pillay was first employed as a Writer in the Mofussil Department of the Sheriff's Office on the 20th August 1855, on a salary of Rupees 10-8-0 per month. In the year 1859, his salary was raised to Rupees 15-8-0 per month, which he has been receiving to the present time.

3. Up to June 1863, this Writer was paid by the Sheriff out of the allowance of Rupees 200 per month which he used to draw for the execution of process under Act XXIII of 1840, as sanctioned by the Order of Government, Judicial Department, dated 27th July 1841, No. 566. In June 1863, the Government sanctioned a consolidated salary of Rupees 920 per month for the Sheriff, the fees being paid over to the credit of Government. Since that time, C. No. 72. Read the following letter from the Magistrate of Malabar, to the Chief Secretary to Government, Fort Saint George; dated Calicut, 31st July 1866, No. 103.

Adverting to G. O., dated 9th May last, No. 471, I have the honor to submit a Draft Notification setting forth—

1stly.—The proposed limits of the Municipality of Tellicherry, with a view to the introduction of the Towns' Improvement Act.

2ndly.—The names of the proposed Municipal Commissioners.

3rdly.—The number and description of the Police Force to be maintained, and the rates at which they are to be paid, and

4thly.—The estimated amount to be raised for the purposes specified under Section 25 of the Act.

2. The limits proposed are well defined, and embrace all that it seems at present desirable to include in the Tellicherry Municipality.

3. In accordance with the orders of Government, several names have been added to the list of proposed Municipal Commissioners.

4. The number, description, and rates of the Police Force to be maintained is that given in the Appendix to the Government Proceedings under reply.

5. As to expenditure: the remarks I made with regard to Calicut apply to some extent here. There is need in parts of the Town limits for very large expenditure, if any thing like sanitary conservancy is really to be undertaken; but the beginnings must be small. What is proposed now to be undertaken is very simple, and is detailed in the enclosed statement.

6. The services of the Amshom Adigaries and Menons will be required here, as elsewhere in Malabar, to start with, but the remarks of Government in paragraph 5 of G. O., dated the 3rd instant, No. 664, will be borne in mind. The establishment charges are heavy, but they contain one or two items that will not recur, and I do not see that any proposed can be avoided.

7. The total sum required to be raised is Rupees 11,100, or—deducting 25 per cent., Rupees 2775, the Government contribution—Rupees 8325 from the Municipality.

8. With the concurrence of the proposed Commissioners, it is intended to raise this sum as under:—

1. Five per cent., on the estimated rental of houses and shops within the limits.....	rs.	3,565
2. Tax on Arts, Professions, Trades, and Callings. rs.

9. These means of raising funds are best suited to the place, and to distribute the burden fairly on all classes. The estimates are rough, but, on the supposed population of 14,000, give an incidence of Annas 9½ per annum per head.

10. There has been more delay than I intended in submitting this report, from the Sub-Collector's Office having been a good deal unsettled by changes. Letters regarding Cannanore and Cochin are now under the consideration of Government.

MALABAR MAGISTRATE'S COURT,
CALICUT, 31st July 1866.

(Signed) G. A. BALLARD,
Magistrate.

13th September 1866.

From the Acting Joint Magistrate of Malabar, to the Magistrate of Malabar; dated Tellicherry, 27th July 1866, No. 86.

I have the honor, as directed in Government Proceedings, No. 471, dated 9th May 1866, to submit a Draft Notification, and a Memorandum of proposed expenditure and income for the Municipality of Tellicherry.

2. The limits are very simple, and embrace all that can be strictly called Tellicherry town, and suburbs.

3. The population being a mixed one, Moplahs, Tiyanas, Nayars, individuals have been selected from each of these castes to serve on the Municipal Commission.

4. The strength and pay of the Town Police Force to be maintained by the Municipality have already been fixed by Government in their Proceedings above quoted.

5. As regards the other items of expenditure entered in the Memorandum, it is proposed to employ the Amshom Officers in assisting the Commissioners to fix the assessment on houses, shops, &c. From their extensive local knowledge, they will be of the very greatest assistance to the Commissioners at the outset.

6. Lamp-posts and lamps are already in use in the Bazaars. It is proposed to keep up the present arrangements, and gradually to introduce a better system of lighting the Bazaars as funds accumulate. This item will, unless it is viewed as a part of the Police expenses, have to be separately sanctioned by Government, under Section 29 of the Act.

7. I submitted the Memorandum of expenditure and income to a Meeting of the Commissioners; they approved of the modes in which it is proposed to levy taxes.

As 25 per cent. of the Rupees 11,100 is contributed by Government, the incidence of the balance only should be calculated on the population.
This gives about Annas 9½ per head.

(Signed) G. A. BALLARD,
Magistrate.

8. The population of the town and suburbs is estimated at 14,000, and the total proposed expenditure is Rupees 11,000 and odd, giving an average payment per head of about Annas (13) thirteen.

No. 73. ORDER THEREON, 13th September 1866, No. 925.

With this letter, the Magistrate of Malabar submits, with his own remarks, the proposals of the Acting Joint Magistrate for introducing the Towns' Improvement Act into Tellicherry.

2. The annual charges are estimated at Rupees 11,100, of which Rupees 5356 represent the cost of the Police, and Rupees 1000 are for purposes falling under Section 29 of the Act. The employment of an Office Mussaljee seems quite unnecessary.

3. The estimated income is to be derived from the following sources :—

	RS.
Tax on Houses at 5 per cent.	3,565
Tax on Professions, &c.	4,066
Tax on Carriages, &c.	450
Registration of Carts... ..	244
	8,325

Taking the population at 14,000, the tax is light, being about 9½ Annas per head.

4. The Act will come into operation on the 1st November next, and the amount to be raised and expended for the purposes specified in Section 25, for the half-year ending 30th April 1867, will be Rupees 5000, of which Government will contribute Rupees 1250.

5. The Governor in Council authorizes the Municipality, under Section 29 of the Act, to raise, as proposed, the sum of Rupees 1000 for lighting the Town.
