1st August 1867.

No. 23. Read the following letter from the Deputy Inspector General, Indian Medical Department, Presidency Division, to the Secretary to the Inspector General, Indian Medical Department, Fort Saint George, dated 18th July 1867, No. 2,785 :—

1. Having twice inspected the male latrine attached to the Eye Infirmary, I have the honor to state that I fully coincide with the opinion expressed by the Superintendent of that Institution as to the necessity for removing the ascent to the trough, being satisfied that the plan adopted in the opposite side of the latrine is unquestionably the best adapted for the use of the sick.

2. I likewise advise that the latrine of the female ward be altered to the plan of the male latrine, which has been found to answer, and that a well may be formed in connection therewith as in the male latrine.

From the Superintendent, Eye Infirmary, Madras, to the Deputy Inspector General of Hospitals, Presidency Division, dated Madras, 18th July 1867.

1. I have the honor to suggest that the sloping ascent to the trough running along the north wall of the male latrine of the Eye Infirmary be removed, and that the floor be made level up to the inner wall of the said trough. As you are personally acquainted with the nature of the alteration proposed, I refrain from entering into further detail.

2. When the latrine was reconstructed lately, I objected to the troughs, on the ground that the blind, aged, and frail patients of the Hospital could not make use of them without danger of falling: this objection was overruled. When the latrine was opened for use, I found it necessary at once to abandon the troughs, but, willing to give the principle a fair trial, I proposed to run a sloping ascent from the floor to the inner lip of the trough, and further to place a hand-rail convenient for guidance and help. Notwithstanding this new arrangement, the trough system does not work well, and I now suggest that the troughs be left as stores for sand, and that the sloping ascent be removed. The bare part of the floor being re-covered with asphalt.

3. I would also request that the alterations sanctioned (in G. O. No. 2,800, dated 10th September 1866,) in the latrine attached to the female ward, be carried out on the same principle as that adopted in the male latrine, and that the same arrangement connecting the well and latrine be preserved.

No. 293.

MEMORANDUM.

Forwarded to the Secretary to Government, Public Works Department, for favorable consideration.

FORT SAINT GEORGE,
22nd July 1867.

(Signed) W. MACKENZIE, M. D.,

*Proceedings of the Madras Government, Public Department,
21st September 1866.*

No. 118. Read the following letter from the Government Astronomer, to the Secretary to Government, Fort Saint George; dated Madras, 11th September 1866.

I have the honor to request the usual sanction of Government for the following expenses incurred on account of the Observatory:—

	RS.	A.	P.
1. Messrs. Leggett and Broomhall, Madras; for various fittings and repairs to the Meridian Circle and its Reflexion pit, and to the new Equatoreal-room just erected by the Public Works Department.....	174	12	0
2. Messrs. Lowe, & Co., Mount road; for two Mason's Hygrometers, supplied in December 1865.	50	0	0
3. Male Asylum Press, Madras; for a folio receipt and letter book.....	5	0	0
4. P. Orr and sons, Madras; for fitting one Sidereal Chronometer with a box, clamp, and gimbals; also, for cleaning a gold Mean-time Chronometer used in the Magnetic-room.....	18	0	0
5. Public Works Workshops; for labor and materials used in cleaning, setting up, and painting, the new large Equatoreal by Messrs. Troughton and Simms.....	58	8	6
6. A Peon's belt, had on May 14th, 1866.....	2	4	0
7. Messrs. Williams and Norgates, London; for supplying the "Astronomisches Nachrichten," vols. 66 and 67, and other works, to the Observatory Library.....	40	6	8
8. Male Asylum Press, Madras; for printing 360 copies of Meteorological Tables, in nonpareil, royal 4to, Rupees 136; for 150 copies of a Meteorological form, Rupees 4-0-8.....	140	0	8

Of the above items, Nos. 1 to 7, amounting in all to Rupees (348-15-2) three hundred and forty-eight, Annas fifteen, and Pice two, have to come out of the sanctioned Budget grant, Section 20; but the last, No. 8, must be passed out of Section 25, "Miscellaneous," under which head all printing bills for the Observatory are specially provided for.

2. The small item, No. 6, has never before required special sanction, but has always been included in the ordinary contingent charges, about the month of May, in each successive year. It was refused in my last contingent bill submitted to the Examiner of Claims, as requiring sanction; but why more so in 1866, than in former years, I cannot understand.

No. 119. ORDER THEREON, 21st September 1866, No. 952.

Sanctioned.

Madras Observatory. - September 10th. 1866. -

From

The Government Astronomer

To

J D Lim Esq^r -

Secretary to Government

Fort St George.

Sir,

I have the honor to request the usual sanction of Government for the following expenses incurred on account of the Observatory. -

1. Messrs Leggett & Broomhall, - Madras, - for various fittings and repairs to the Meridian Circle and its Reflector pit, and to the new Equatorial room just erected by the P.W.D. - 146 12 0
2. Messrs Lowe & Co, Mount Road, for two Mason's Hygrometers, supplied in December 1865. - 50 0 0
3. Messrs Anglim Press, - Madras, - for a folio receipt & letter book. - 5 0 0
4. P. Orr & Sons, - Madras, - for fitting one sidereal chronometer with a box, clamp and gimbals, - also for cleaning a gold mean time chronometer used in the Magnetism room. - 18 0 0
5. Puthi Works Workshops. - For labor and materials used in cleaning, setting up, and painting, the new large Equatorial by Messrs. Troughton & Simms - 50 0 6
6. A Pen's belt, had in May 1866. - 2 4 0
7. Messrs. Williams & Bergates, - London: - for supplying the Astronomisches Nachrichten, Vols 66 & 67, and other works, to the Observatory Library. - 40 6 0
8. Messrs Anglim Press, - Madras: - for printing 500 copies of Meteorological Tables, in manuscript, royal 8vo, Rs 126 0 For 100 copies of a Meteorological Table 24 0 0

Of the above items, Nos 1 to 7, amounting in all to Rs three hundred and forty-eight, annas fifteen, pice two, (348 15 2) have to come out of the sanctioned Budget grant, Section 20, but the last, No 8, must be

passed out of Section 25, Miscellaneous, under which head all printing bills for the Observatory are specially provided for. —

The small item No 6, has never before required special sanction, but has always been included in the ordinary contingent charges, about the month of May in each successive year — It was refused in my last contingent bill submitted to the Examiner of Claims, as requiring sanction, but why more so in 1866 than in former years I cannot understand.

I have the honor to be,

Sir,

Your most obedient Servant,

M R Pogson.
