Proceedings of the Madras Government, Public Department,

15th August 1867.

Read the following:—

No. 108. Letter from the Secretary to the Government of India, to the Officiating Director General of Telegraphs in India; dated Simla, 20th July 1867, No. 2525.

Home Department.

In reply to your letter, No. 1983, dated the 22nd ultimo, I am directed to state that the Governor General in Council has been pleased to approve of the rules submitted therewith, regarding messages entitled to precedence.

2. I am to request that to the list of messages always to be transmitted under the "precedence" signal, those may be added with respect to which the privilege has been conceded to Mr. Collins, the Agent of Reuter's Telegram Company, "Limited," at Calcutta, as you have been informed in this Office Endorsement, No. 2524, of this day's date, viz:—

Reuter's bi-weekly commercial messages from Calcutta to Kurrachee; and
Reuter's daily commercial telegrams from London, addressed direct from Kurrachee to the Company's Agent at Calcutta.

No. 2526.

Copy of the above, together with a copy of the letter to which it is a reply, forwarded, for information, to the Government of Madras, in continuation of No. 44, dated 7th May.

(Signed) J. T. WHEELER,
for Secy. to the Govt. of India.

From Lieutenant Colonel T. G. GLOVER, R. E., Officiating Director General of Telegraphs in India, to the Secretary to the Government of India; dated 22nd June 1867, No. 1983.

With reference to the concluding portion of my No. 4961, of the 28th December 1866, and in reply to your No. 269, of the 15th May last, I have the honor to submit a revised copy of Appendix B, which embraces the modifications necessitated by the curtailment of free messages under the Orders of Government, No. 43, of the 7th ultimo.

2. The omission of the Calcutta Chamber's fortnightly message to Reuter's Agent at Bombay, and the reduction of the number of stations from which meteorological reports are telegraphed, has been in communication with the two Secretaries concerned, as directed in the 6th and 12th paragraphs of your letter above referred to.

APPENDIX B.

Revised copy, prepared in accordance with the Orders of Government, No. 43, of the 7th May, 1867.

The term "precedence" implies that the message so headed is to take precedence of all unsent ordinary messages, but is not to interfere with the transmission of any message already commenced. On a "precedence" message being handed to a Signaller for transmission, he will place it amongst those waiting despatch, if any, above all the ordinary telegrams, but below those headed "clear line" or "precedence."

Any Government official may claim "precedence" for a service message, and Telegraph Masters are on no account to dispute or disregard such a claim. Precedence messages are scrutinized in the Check Office, and any cases in which it may appear that the privilege has been abused are referred by the Director General to the Government of India.

Precedence messages tendered between 8 and 16 hours on Sundays, Christmas day, New Year's day, the Queen's Birthday, and Good-Friday, when Telegraph Offices are closed by authority, must await the re-opening of the office before being transmitted.

Messages of the following description will always be transmitted under the "precedence" signal:—

1.—Service messages received at Bombay or Galle by mail steamers for transmission to places in India or Ceylon.

2.—Free fortnightly commercial reports received at Galle by mail steamers from Hong-Kong, for transmission to Chambers of Commerce at Calcutta, Madras, and Bombay.

Proceedings of the Madras Government, Public Department,

3rd October 1866.

No. 33. Read the following letter from the Under Secretary to the Government of India, to the Chief Secretary to Government, Fort Saint George; dated Simla, 12th September 1866, No. 4480.

Home Department.

I am directed to acknowledge the receipt of your letter, No. 810, dated the 14th ultimo, forwarding copy of a communication from the Principal Inspector General of the Medical Department, pointing out the scarcity of Medical Officers on the Establishment of the Madras Presidency, and the difficulty in complying with the requisition of this Department for a Medical Officer for Prome, and requesting reconsideration of an Order of the Military Department, relative to the necessity of Medical Officers in charge of Native Regiments passing in Hindoostance before they can be admitted to Staff Allowance.

2. In reply, I am directed to forward, for the information of the Madras Government, a copy of a letter, No. 4039, dated the 28th ultimo, to the Chief Commissioner of British Burmah, and to state that the reference in paragraphs 2 and 3 of your letter will be disposed of in the Military Department.

From the Under Secretary to the Government of India, to the Chief Commissioner of British Burmah; dated Simla, 28th August 1866, No. 4039.

Home Department.

Referring to the correspondence ending with your Assistant Secretary's letter, No. 250, dated the 27th ultimo, I am directed to inquire why a separate Civil Surgeon should be required for Prome, and whether the Assistant Surgeon in charge of a Native Infantry Regiment could not do the Civil Work, and receive an extra allowance for the duty, as proposed by the Commission on Medical Salaries.

No. 34. ORDER THEREON, 3rd October 1866, No. 998.

Communicated to the Principal Inspector General, Medical Department.

(True Extract).

Secretary to Government.

To the Principal Inspector General, Medical Department.
