*Proceedings of the Madras Government, Public Department,
3rd May 1867.*

No. 28. Read the following letter from the President, Municipal Commission of Ootacamund, to the Chief Secretary to Government, Fort Saint George; dated Coimbatore, 3rd April 1867, No. 24.

I have the honor to forward, for the information and orders of Government, certain Resolutions of the Municipal Commission of Ootacamund, passed at a Meeting held on the 25th ultimo.

From the Vice-President of the Ootacamund Municipal Commission, to the Chief Secretary to Government, Fort Saint George; dated Ootacamund, 29th March 1867, No. 45.

I have the honor to request that you will lay before the Governor in Council, for approval and confirmation, the following Bye-laws, passed by the Municipal Commissioners of Ootacamund:—

That in addition to Schedule C shall stand—

	Half-yearly.		
	RS.	A.	P.
For every 4-wheeled waggon on springs.....	4	0	0
For every 2-wheeled cart on springs used <i>bona fide</i> as a cart.....	1	0	0

Extract of Minutes of a Meeting held on the 25th March 1867.

Resolved that Government be requested to sanction the following Bye-laws for taxation of spring carts:—

That in addition to Schedule C shall stand—

	Half-yearly.		
	RS.	A.	P.
For every 4-wheeled waggon on springs.....	4	0	0
For every 2-wheeled cart on springs used <i>bona fide</i> as a cart.....	1	0	0

(Signed) J. OUCHTERLONY,

Vice-President.

Extract from Minutes of a Meeting held on the 25th March 1867.

Read the following papers received in letter No. 15 of the 25th February, from the President of the Municipal Commission:—

From Deputy Inspector of Police, dated Coimbatore, 12th December 1866. Plan and estimate (amounting to Rupees 585) of a latrine.

From Inspector General of Police, to District Magistrate of Coimbatore, dated 5th January 1866, with endorsement by Acting Magistrate.

Resolved that the following letter be addressed to Government:—

I have the honor, by desire of the Municipal Commissioners of Ootacamund, to address Government on the subject of erecting latrines for men and women in the Police lines of this station.

2. This question came originally under discussion before the Board, in consequence of complaints being made by certain inhabitants, that the roads in the immediate neighbourhood of the Police lines were an insufferable nuisance, through the constant resort to them of the Police Officers to answer the calls of nature.

3. The Commissioners gave notice to the Police authorities to take measures for staying this nuisance. Out of this notice has sprung the present demand for the construction of special latrines, one for men and one for women, at the Police lines. Meanwhile, the public latrines at an inconsiderable distance from the lines is made use of by the Police Officers.

4. The plan and estimate of a latrine that is recommended by the Police Department would be quite beyond the means of the Municipality to construct, even if they considered such an erection (which they do not) to be required for the purpose.

5. The Commissioners can see no reason why a more costly contrivance should be needed as a latrine for the Police peons, than suffices for other decent classes of the community; and they cannot but regard as fanciful much of the elaborate arrangement that is proposed for the women. An ordinary latrine in the proximity of the lines, and one also for women, seems all that is neces-

13. Should you consider with me a modified plan of a latrine for women might be called for.

Amount of Estimate, Rupees five hundred and eighty-five, for constructing one latrine.
The building is to be raised on a basement 1 foot in height above foundations, which are to be sunk $1\frac{1}{2}$ feet.

*Proceedings of the Madras Government, Public Department,
3rd May 1867.*

The whole structure is to be of brick in mud and plastered with chunam. The roof to be of jungle-wood couples, with one collar piece, bamboo reepers, pan-tiles, and chunam ridge, as shown in plan; all eaves to be left open for ventilation.

The flooring to be of concrete gravel mud well tampered. The building to be provided with five privy seats, screened with galvanised sheet iron, supported with wooden posts, each seat to be provided with a wooden trough, well tarred in and out, removable from the rear. Mud wall to be built 4 feet high, dead wall pillars above roof between pillars, open tile work on edge for ventilation purposes.

A portion of the Sweepers' verandah behind to be used as earth store, dry earth bin to be built inside opposite to seats.

Screen walls to entrance.

A similar building to be erected for females.

EXECUTIVE ENGINEER'S OFFICE,
NEILGHERRY RANGE, OOTACAMUND,
13th June 1866.

(Signed) W. FAREWELL,
Executive Engineer.

No. 29. ORDER THEREON, 3rd May 1867, No. 500.

The only vehicles liable to taxation are those described in Schedule C of Act X of 1865, and the Governor in Council is not at liberty to extend the provisions of Section 58 to any others.

2. The cost of erecting latrines for the use of the Town Police must be borne by the Municipality, but the Government agree with the Municipal Commissioners that latrines of the description of those used by the public should suffice. One-fourth of the cost of the latrines will be defrayed by Government. When submitting the resolutions passed by the Municipal Commissioners, the President should have given his own opinion on each.

(True Extract).

Chief Secretary.

Extract from Minutes
Meeting held on the 4th
1864.

Read the following papers
received in letter No. 7 of the
25th Feb. from the
Hon. Inspector of Police dated
Com. Catore Dec. 12. 1866.

Plan and estimate for mounting
to Rs 583) of a statue.
Hon. Inspector General of Police
to Dist. Magistrate of Com. Catore
dated 5th Jan. 1866 with instructions
by District Magistrate.
Letter be addressed to Government.

I have the honor by desire
of the Municipal Commissioners
of Com. Catore to address Government
on the subject of erecting
statues for men and women
in the public squares of this Station.
Under direction before the
the consequence of Com. Catore
being made by certain in-
habitants that the roads be

It seems out of the question
to expect the Municipality to expend
1170 Rs. on Latrines for the use of the
Police and their families alone

A public Latrine might
be constructed within reach of the
Police Lines.

From
H. Roberts by me
Inspector General of Police
to
Director of Police
Coimbatore
Dated 5 Dec 1867

1867

Office of the Superintendent of Police
Coimbatore District
12th December 1866.

To

Superintendent of Police
Coimbatore
The Insp. Gen. of Police
Madras.

Sir

- I have the honour to reference
to G. O. No 83 dated 29th June last to
forward a statement showing the Police
requirements in the District of Coimbatore.
1. The purchase of the present station house
in Coimbatore, and the construction
of the same, not having been included
in this year's Municipal Estimates, may
be provided for next year. The rental of
the former at 10 Rs per Annum having
been entered in the current year's charges.
 2. The Huts at Coonoor may also be pro-
vided for next year.

~~It is requested to the Director of Police at Coimbatore~~
The Huts have not been included in the
current year's estimates. Consider it
most essential that they should be
undertaken at once, the Municipality
being if necessary empowered to raise funds
for the construction & maintenance

of at least 2, one for males and the other for females.

5. The Commissioners have already issued a notice under Section 89 of the Towns Improvement Act, prohibiting the use of the only place of privacy to which the Police and their families at Dotacammund have heretofore had access, for purpose of nature. The prohibition was no doubt requisite and the women will probably be able to find places of resort at a distance elsewhere but this cannot be so with women & children. 6. There will be driven to digging holes inside their houses & practice by no means uncommon on the hills and one there which it is difficult to conceive of anything more disgusting.

7. I would deprecate anything of a temporary kind of a latrine being attempted even with the very best arrangements & certain amount of publicity must attend their use and this is peculiarly offensive to native women it would be more so, if the buildings were temporary.

8. The matter is a very delicate one and must be handled with the utmost consideration or become a dead failure.

9. For the above reasons, I would strongly urge the subject on your immediate consideration.

10. I have the honor to forward a plan and estimate for a latrine furnished by Major Sarswell & approved by you.

11. I am however doubtful if it would not be better to refer to what I have said

in my report and to be advantageous to

the various compartments of the latrine

to be closed with a door which could be locked from inside.

12. It is this that a female attendant

will be provided, but it stands to reason

that she cannot be always present, and in

these places those who use them must

be made to feel that under all circumstances they are perfectly free from

intrusion.

13. Should you consider with me a

modified plan of a latrine for women

might be called for

I have the honor to be

Sir

Your Most Obedt. Servt.

Signed / M. C. Brewer. Capt.

M. Insp. Genl. of Police

to the Police Authorities to take
care to stay in this nuisance
as this notice has sprung
the present demand for the
construction of special latrines
one for the men and one for
the women. The Police have
been told that the public latrine
at an considerable distance
from the station is made use of
by the Police Officers.

[illegible]

Let me in the proximity of the
Liner, and one also for women,
seems all that is necessary,
and the Commissioners must
that none other will be sanctioned
by the Government, at all
costs if it be intended that
the expense shall fall upon
the Municipality.

I have the honor to be,

123

Yours most obedient servant

 at Pithapuram.

Sub. to 193 Q 2
 No. 2 May 1914 & No. 2

The Committee on the
 subject of the
 proposed
 amendments to the
 constitution of the
 Association
 have the honor to
 acknowledge the receipt
 of your letter of the
 25th inst. and in reply
 to inform you that the
 same have been
 forwarded to the
 Executive Committee
 for their consideration.
 Very respectfully,
 J. B. Smith, Secy.

J. B. Smith

Extract of Minutes of a Meeting
 held on the 25th March 1864.

Resolved that Government
 be requested to sanction the
 following bye-laws for taxation
 of spring carts.
 That in addition to Schedule C
 shall stand.

For every 4 wheeled wagon on springs	Rs 4.0.0
For every 2 wheeled cart on springs used bona fide as a cart	1.0.0

Wm. B. Smith
 Vice President

The following is a list of the names of the persons who have been appointed to the various offices of the Police Department.

Inspector of Police
to be appointed by the
Commissioner of Police
on the 1st day of
January 1864

Inspector of Police
to be appointed by the
Commissioner of Police
on the 1st day of
January 1864

Extract from Minutes of
Meeting held on the 15th of
1864. Read the following papers
received in letter No. 15 of the
25th Feb from the President
of the Municipal Commission
of the Inspector of Police dated
11th October 1864. Comptroller
Plan and estimate for running
to No 583 of a Saline.
From Inspector General of Police
to District Magistrate of Calcutta
dated 5th Jan 1864 with enclosure
the report of the
letter be addressed to Government.
I have the honor by order
of the Municipal Commissioners
of Calcutta to address Government
on the subject of District
Salaries for men and women
in the Police of this Station.
This question has been
matter of discussion before the Board
the consequence of complaints
being made by certain
habitants that the loads

the immediate neighborhood
of the Police Station are in
sufferable nuisance, through
the constant resort to them of
the Police officers to answer
the calls of nature.

The Commissioners have notice
of this Police Station nuisance
measures for staying this nuisance
but of these Police has the
present demand for the
construction of special latrines
for men and one for women.
The Police Service.

Mean while the Public Services
at the Police Station
made use of
the Police Station of a
latrine. The Government would
be quite beyond the means of
the Commission. Such
a latrine (which they do not
to be required for the purpose
The Commissioners can see no
reason, why a more costly
contrivance should be needed

as a latrine for the Police persons,
than suffices for other decent
classes of the community; and
they cannot but regard as
unpardonable much of the elaborate
arrangement that is proposed
for the Police. An ordinary
latrine in the proximity of the
lines, and one also for women,
seems all that is necessary;
and the Commissioners trust
that none others will be sanctioned
by the Government, at all
events if it be intended that
the municipality.

W. C. Cunningham
Municipal Resident
