*Proceedings of the Madras Government, Public Department,
8th May 1867.*

Read the following papers:—

No. 62. From the Inspector General, Medical Department, to the Chief Secretary to Government, Fort Saint George (through the Examiner of Claims); dated Fort Saint George, 26th April 1867, No. 151

I have the honor to report, for the information of Government, that Assistant Apothecary Baker, attached to the Leper Hospital, was detailed for Military duty, from 29th December 1866 to 3rd February 1867, in consequence of the paucity of Military Medical Subordinates at the Presidency; Mr. Baker's duties at the Leper Hospital having, during that time, been performed by Apothecary Grove, of the Native Infirmary, in connection with his own duties.

2. The Examiner of Claims having objected to pass to Mr. Baker the staff salary of Rupees 25 attached to the Leper Hospital, during his absence on Military duty, Government sanctioned compensation to the amount forfeited by Assistant Apothecary Baker, in their Proceedings in the Military Department, No. 1241, of the 4th instant. The allowance in the Civil Department has not been drawn, and is available for Apothecary Grove, who actually discharged the duties in addition to his own. I have, therefore, the honor to recommend that the staff salary forfeited by Mr. Baker may be authorized to be disbursed to his *locum tenens*, for the period of his temporary incumbency.

No. 62A.

MEMORANDUM.

The undersigned has the honor to report that, as the allowance of Rupees 25 appears to have been sanctioned for the performance of the duties of the Leper Hospital, and as Apothecary Grove "actually discharged the duties, in addition to his own," there appears to be no objection to that allowance being paid to him, for the period he performed those duties, during the absence of Assistant Apothecary Baker. At the same time, it is proper to state that, should Government sanction the claim, there will be a double charge against the State. This, however, seems to be unavoidable in the circumstances, and is not inconsistent with the practice in other cases of a similar nature.

The undersigned has the honor to report that
 an account of \$25 appears to have been deducted
 from the duties of the Leprosy Hospital, and
 Henry Lyons "actually discharged the duties in
 his own" there appears to be no objection to that
 being paid to him for the period he performed those
 in the absence of assistant Apothecary Baker.
 At the same time it is proper to state that should Govern-
 ment the claim there will be a double charge against
 him. This however seems to be unavoidable in the
 present and is not inconsistent with the practice
 in other similar cases.
