*Proceedings of the Madras Government, Public Department,
28th August 1867.*

No. 216. Read the following letter from the Municipal Commissioners for the Town of Madras, to the Chief Secretary to Government, Fort Saint George; dated Madras, 19th August 1867.

We have the honor to submit a plan of the Ameer Bagh Parcherry on the Mount Road, which we are desirous of opening up, with the view of facilitating scavengering and improving the ventilation. It is a very crowded locality, and has frequently been visited with cholera, fever, and small-pox.

2. We propose making two openings of 30 feet in width, colored yellow in the plan, and solicit the sanction of Government to the measure, under Section 99 of Act IX of 1865.

No. 217. ORDER THEREON, 28th August 1867, No. 1060.

The Governor in Council considers that the objects which the Commissioners have in view—the facilitating scavengering, and the improvement of the ventilation of the Ameer Bagh Parcherry—will be sufficiently secured by piercing *one* road, 30 feet broad, through the Parcherry.

2. This improvement should be effected under the provisions of Section 79 of Act X of 1865, and not, as proposed by the Commissioners, under Section 99.

3. The Governor in Council, therefore, as provided in Section 79, sanctions the making this new street (which term, under the definition of the Act, includes roads) on the condition contained in the Section above quoted, that the Commissioners make due compensation to the owners and occupiers of the land, houses, or buildings which may be required for this purpose.

(True Extract).

Acting Chief Secretary.

with the plan.
