Proceedings of the Madras Government, Public Department,

11th September 1867.

No. 115. Read the following letter from G. THORNHILL, Esq., Acting Collector of Madras, to the Acting Chief Secretary to Government, Fort Saint George; dated Sydapet, 24th August 1867, No. 171.

In submitting copies of a letter addressed by me to the Principal Inspector General, Medical Department, and of the reply thereto, I have the honor to solicit the orders of Government on the point as to the services of what Medical Officer I am entitled to whilst residing at Guindy.

2. The Government are aware that my residence beyond Municipal limits is compulsory.

From the Acting Collector of Madras, to W. MACKENZIE, Esq., c. b. c. s. e., Principal Inspector General, Medical Department, Madras; dated Sydapet, 14th August 1867, No. 453.

I shall feel obliged if you will be so good as to inform me to whom I am entitled to apply for Medical attendance.

2. My residence at Guindy is, I believe, beyond the limits of any of the District Surgeons.

3. There is an Apothecary attached to my establishment, but I presume that, in common with all Officers of Government, I am entitled to claim the services of some superior Medical Officer, when necessary, gratuitously for myself, and for my family on payment of fees.

4. The question is not one of present emergency, as one of the Medical Officers at the Presidency is good enough to attend my family when required; but, should public duties at any time prevent him from doing so, I should be glad to know to whose services I am entitled.

From the Officiating Secretary Inspector General, Indian Medical Department, Fort Saint George, to the Acting Collector of Madras; dated Fort Saint George, 22nd August 1867, No. 3174.

I am desired by the Inspector General, Indian Medical Department, to acknowledge the receipt of your letter, No. 453, of the 14th instant, and in reply to inform you that, as your residence is beyond Municipal limits, there does not appear to be any Medical Officer at Madras whose attendance you are entitled to call for officially.

2. Doctor Mackenzie begs to suggest that, under the circumstances, you should make a reference to Government on the subject.

No. 116. ORDER THEREON, 11th September 1867, No. 1134.

In the letter above recorded, the Acting Collector of Madras, who necessarily resides beyond the limits of the High Court, requests to be informed who is the Medical Officer to whom he can apply if requiring Medical aid, other than that of the Apothecary attached to the Collector's establishment, while residing at the head quarters of the Madras District.

2. The Governor in Council considers that the Acting Collector of Madras, while residing at the head quarters of his District, which are not included in any of the Presidency Medical Districts, is entitled as an officer of Government to professional aid from the Senior Medical Officer of Her Majesty's Indian Forces on duty at Saint Thomas' Mount.

3. From the correspondence noted above, it is observed that an Apothecary is attached to the Collector's establishment. Mr. Thornhill will be requested to report

*Proceedings of the Madras Government, Public Department,
11th September 1867.*

in what manner this subordinate Medical Officer's services are utilized during the time that the Collector's establishment remains at head quarters at Sydapet.

As the Acting Collector desires an author-
itative decision on the point, it may be
well to determine, that, as a servant of the
Govt., he can claim no legal aid for
himself, from the Senior Medical Officer of
this Indian Force, or staff at the Mount.

I should be hard on the Medical Officer

is permitted to stand at its elbow a full
