From

The Inspector General, Indian Medical Department,

Fort Saint George.

To

The Chief Secretary to Government, Public Dept.

Fort Saint George.

SIR,

In returning the Accountant General's letter referred with your despatch of the 4<sup>th</sup> instant, I have the honor to report for the information of Government, that in recommending a 4 annas mileage to Medical Subordinates, required to travel distances of 5 miles and upwards, for the purpose of affording medical aid to public servants, for examining corpses and wounded persons, likely to become the subjects of judicial enquiry &c., it was never intended to supersede the established regulations of the service, in reference to travelling or transfer from one station or department to another.

2. To avoid constant reference to Government, the mileage was recommended to be granted to medical subordinates in all cases of special duty, involving a journey of more than 5 miles, whether that special duty were to be present at the execution of corporal punishment, to examine a corpse, to afford medical aid
