

8. The Chamber consider it desirable that a penalty should be attached to non-registration, and that the provision of the French Code, referred to in paragraph 4 of Mr. Stokes' letter, should also be included in any measure ultimately passed by the Council of India.

9. With regard to the registration of deeds of trust or gifts, this Chamber have not had the same experience as the Bombay body, to guide them in giving an opinion, but they recognize the desirableness of a measure which would tend to check fraudulent dealing with property to the injury of others, and they trust that the matter will be considered by the Council of India, with a view to the passing of a law having this object.
