*Proceedings of the Madras Government, Public Department,

Read the following papers :—

No. 42. From the President of the Municipal Commission, Godavery District, to the Chief Secretary to Government, Fort Saint George ; dated Cocanada, 10th October 1867, No. 51.

I have the honor to submit herewith copies of report and statements from the Vice-President of the Ellore Municipality on the working of the Towns' Improvement Act in that town for the half-year ending on the 30th April last.

From the Vice-President of the Municipal Commission, Ellore, to the President of the Municipal Commission, Godavery District, Cocanada ; dated Ellore, 9th September 1867, No. 35.

I have the honor to forward my report on the working of the Towns' Improvement Act in Ellore during the half-year ending on the 30th April 1867.

2. The Act was declared introduced on the 2nd November, the necessary arrangements having been effected at a meeting held on the 2nd November 1866.

3. The Commissioners met nineteen times and transacted business ; the number of appeals disposed of by them was fifty-eight from holders of houses and lands, and 176 from persons practising professions. They had to supervise the classification of professions and the valuation of houses, &c., besides attending to schemes for the conservancy and improvement of the town. The collection of taxes was made with ease, and, except in twenty-six instances, recourse was not had to coercive measures. On the issue of warrants during the current year, the money was paid immediately.

4. The only new works undertaken during the half-year were six latrines, of which two were opened before the end of the half-year, and the building of four others commenced. These have been received as a great boon by the people, and have been kept in a satisfactory sanitary condition.

5. The enclosed are the statements of receipts and disbursements prepared in accordance with the Proceedings of Government, No. 820, dated 11th July 1867. The amount of receipts sanctioned by Government is Rupees 5625, and that collected is Rupees 5672-7-10.

6. The sum expended is Rupees 3807-15-9, leaving a balance of Rupees 1864-8-1 ; from this deduct salaries, &c., of Police and establishments for the month of April (paid in May) Rupees 758-4-3, leaves Rupees 1106-3-10, as actual balance, and not Rupees 1864-8-1 as supposed by Government in their Proceedings, dated 15th June 1867, No. 695.

7. The Commissioners allowed the balance of Rupees 1106-3-10 to accumulate intentionally as they wished to expend it in making a good road through the principal bazaar streets. As no stone or gravel is procurable in the neighbourhood of Ellore, this road will be very expensive. Besides this it will be necessary to make several parts of it very rapidly as there is no way round for carts. Though on the high way between Bezvada and Rajahmundry it never seems to have been properly made, and as the traffic, especially during the four months preceding the 30th April, is very great, it would have been a mere waste of money to have expended the municipal funds on minor repairs. The work is properly a part of the Imperial road, No. 6, but as Government show intention of converting it into a real road, and as the proper conservancy of the town demands that this road, which passes through all the principal streets, should be a good one, and not merely a bandy track as it is now, and as it would be a mere waste of money to make roads in the side streets while this is in such a neglected condition, the Commissioners have come to the conclusion that the work must be done by them.

8. The total amount spent on works and repairs stated in form A, was Rupees 320-14-2. This was nearly all spent in erecting latrines on the dry earth system. A greater portion of the

*Proceedings of the Madras Government, Public Department,
5th November 1867.*

available balance might have been spent in that way, but as it was doubtful whether the experiment would succeed, it was considered advisable to build only two at first, and wait to see whether they answered the purpose for which they were intended. As the experiment succeeded admirably, four more were put in course of erection before the end of the half-year. If sufficient funds are available, the whole town will be fully supplied with latrines within the current year. The Commissioners are ready to commence work on the main road at once.

9. The amount received from Government is less than 25 per cent. of the whole amount raised during the half-year. A small amount of arrears has also been collected during the current year.

10. I trust that the Government will be satisfied with this explanation and grant, for the current year, also a contribution equal to 25 per cent. of the whole amount to be raised and expended within the municipality.

No. 43. From the President of the Municipal Commission, Godavery District, to the Chief Secretary to Government, Fort Saint George; dated Cocanada, 10th October 1867, No. 50.

I have the honor to forward herewith true copies of letters, together with estimates of receipts and expenditure for the current year from the Vice-President of the Ellore Municipality.

2. Copies of estimate and letter showing the explanation called for in the Proceedings of Government, No. 695, dated 15th June last, are also sent.

From the Vice-President of the Municipal Commission, Ellore, to the President of the Municipal Commission, Godavery District; dated Ellore, 9th September 1867, No. 36.

I have the honor to forward the estimates of receipts and expenditure for the current year as per Forms A, B, and C, annexed to the Government Proceedings under date the 11th July 1867, No. 820.

2. The assessment of professional taxes for the past half-year caused some discontent, and as the tax on houses is considered by the Commissioners to have been too lightly assessed, it is proposed to adjust these taxes for the current year in such a way that, without any sacrifice of income, the discontent may be reduced to a minimum.

3. A detailed estimate of Police charges, showing the cause of the excess for the current year, over the amount sanctioned in October last, is enclosed.

4. The whole of the information called for in the Proceedings of Government, dated 15th June 1867, No. 695, entered in my letter to you, dated 9th July 1867, has been embodied in the explanatory remarks accompanying the two sets of statements as you directed.

No. 44. ORDER THEREON, 5th November 1867, No. 1391.

With the above letters the President of the Municipal Commission, Godavery District, submits statements of actual collections and expenditure in the Town of Ellore for the half-year ending on the 30th April last, and of estimated receipts and expenditure in the same Municipality during the year ending on the 30th April 1868.

2. The collection and expenditure for the past half-year was estimated at Rupees 5625, the Government contribution amounting to Rupees 1406-4-0; the actual collections, amounting to Rupees 5672-7-10, exceeded the estimates, but the actual expenditure fell considerably short of the estimates, having been only Rupees 3807-15-9, and leaving a balance of Rupees 1106-8-10 in favor of the Commissioners. Of this balance, however, the difference between 25 per cent. on the amount actually collected and expended, and the sum over-paid by Government, or Rupees 454-4-1, will be refunded by the Commissioners.

3. During the current year it is proposed to expend Rupees 13,106; to meet this expenditure the Commissioners are to raise Rupees 9000 by rates and taxes, which sum, with the Government contribution of Rupees 3276-8-0, (viz., 25 per cent. on Rupees 13,106) and the balance in favor of the Commissioners after refunding the amount over-paid by Government during the past half-year, will amount to Rupees 12,928-12-9. The slight deficit of Rupees 177-3-3 will probably be more than met by sums realized from miscellaneous sources which have not been taken into account in the estimates.

4. No explanation is offered by the President for the excessive delay which has occurred in submitting the report and estimate called for by Government in June last.

The following Notification will be published at once in the *Fort Saint George Gazette*.

NOTIFICATION.

Fort Saint George, 5th November 1867.

His Excellency the Governor of Fort Saint George in Council, in accordance with the provisions of Section 6 of (Madras) Act X of 1865, hereby appoints the undermentioned persons, being inhabitants of the Town of Ellore, as described and designated for the purposes of the said Act in the Notification published in the *Fort Saint George Gazette*, dated 30th October 1866, to be Town Commissioners for the purposes of the said Act during the year ending on the 30th April 1868, in addition to the officers who are, under the provisions of Section 7 of the said Act, ex-officio Commissioners for the towns within their respective charges—that is to say,

1. Mr. William Alexander Happell, Acting Head Assistant Magistrate.
2. Damarazu Samasirazu, District Moonsiff.
3. Pullambhotla Venkatanarsimha Rao Puntulu Garu, Tahsildar.

and that the total amount to be raised and expended in the said Town of Ellore during the year ending on the 30th April 1868, for the purposes specified in Section 25 of the said Act, shall be Rupees 13,106, of which sum 25 per cent., or Rupees 3276-8-0, shall be contributed by Government to the Municipal Fund.

3. In accordance with the provisions of Section 36 of the said Act, the Governor in Council authorizes the Commissioners for the said Town of Ellore to levy, during the year ending on the 30th April 1868, the several rates and taxes and fees below specified—that is to say,

A rate on houses, buildings, and lands, as provided in Sections 37 to 44.

A tax on arts, trades, and professions, as provided in Sections 45 to 49.

A toll on carriages and other vehicles entering the Municipal limits, as provided in Sections 50 to 56.

A tax on carriages, horses, and other animals, as provided in Sections 57 to 64.

Registration of carts under Section 65.

Licenses for cart-stands and slaughter-houses under Section 120.

2 The collection and
expenditure for the first half-
year.

year was estimated at
 Rupees 5,625, the government
 contribution amounting to
 Rupees 1,406-4-0, the actual
 collections, amounting to
 Rupees 5,672-7-10, exceeded
 the estimate, but the
 actual expenditure fell
 considerably short of the
 estimate, having been only
 Rupees 3,807-15-9, and leaving
 a balance of Rupees 1,865-2-11

favor of the Commis-
 sioners. If this balance however
 the difference between 25
 per cent on the amount
 actually collected and expend-
 ed, and the sum over paid
 by Government, or Rupees
