Dated	3-12-1967.

3rd December 1867.

No. 11. Read the following letter from S. JESUDASEN PILLAY, Collector of Municipal Taxes, to the President of the Municipal Commission, Madras; dated Madras, 22nd November 1867, No. 54.

Having been appointed Collector of Municipal Taxes under Notification of the Chief Secretary to Government, published in the *Fort Saint George Gazette*, dated 1st November 1867, I beg to state that, though by the new Municipal Act, I can hold no other appointment, yet I am most willing and desirous to render my services available in my particular profession during my leisure hours.

2. The Dispensary in Saulay Street, Black Town, is an institution which owes its existence entirely to myself. It is a purely private undertaking, and is wholly supported by private subscription, with occasional supplies of medicines from Government Stores. It is in connection with this institution that I wish to make my services available for the public good, and to afford medical aid to those who may seek the same at its doors.

3. My connection with the Dispensary will not interfere with my regular work, while I may, I think, venture to say that I can effect much good by continuing to work the institution, which has lasted so long as ten years, and been of so much public benefit, as can be testified to by the Deputy Inspector General of Hospitals.

4. I have, since the last six months, arranged for an efficient person being immediately in charge, so that I shall simply have to supervise.

5. My connection with the Dispensary, and the services rendered there, will be a link which will continue my connection with the Medical Department, in which, of course, I shall hold no stipendiary appointment, and I beg to solicit that you will be kindly pleased to recommend to Government that, in consideration of the above-mentioned services, I may be allowed to reckon my services in the Municipal Commission for pension, in the grade of Native Surgeon.

6. There are no pensions in the Municipal Department, and, having 15 years' service in the Medical Department, I am anxious that so long a period of service should not be entirely lost to me, and I, therefore, earnestly beg that you will be so good as to submit my request to Government with your best support.

Submitted for consideration of the Right Honorable the Governor in Council. The attention of Dr. Jesudasen Pillay has, however, been called by the President to the concluding paragraph of Section 12, Act IX of 1867.

(Signed) C. DENISON,
President, Municipal Commission.

No. 12. ORDER THEREON, 3rd December 1867, No. 1510.

The Governor in Council cannot consent to S. Jesudasen, who has been appointed Collector of Municipal Taxes, under Section 12 of Act IX of 1867, being permitted to remain in charge of the Black Town Dispensary, it being clearly laid down in the Section of the Act above quoted that the Collector of Municipal Taxes shall not hold any other appointment. The question of S. Jesudasen's service in a Municipal Office being allowed to reckon as service for pension will be referred to the Government of India.
