Sir

Your most obedt Servant,

L. Forbes, Treasr. Secy.

Arthy Browning. Master

III Under these conditions people are apt to grow weary and listless, to occupy their minds with their ailments or with those of their friends, place so devoid of attractions and so far from the pleasures incident to a tropical country.

IV The game of Lacquet is eminently adapted for obtaining such ends, and make the players to obtain agreeable exercise, pro-

With our orders.

Public Works Dept
 No 1862
 Request a grant in a
 Lacquet Court at the
 Government
 1862

Mr. Perrotte be removed to distinct parts of the District, have enrolled their names in the list of subscribers.

VII

He will be pleased to give a favorable reply to this appeal he hope will see the Court finished and opened, before the Commencement.

Kindly submit the following statement to Government, whose aid we earnestly solicit, for the purpose therein set forth.

I The European residents of this station, desire to build a Lacquet Court, and have raised the sum of Rs 1410 by donations and subscriptions for that end - an European Contractor has offered to build a good and substantial Court for Rs 2141, contributions will probably bring this sum up to Rs 2500, or 4,000 in excess of the sum which the Residents have been enabled to raise, and they trust that Government will be pleased to assist them in completing this sum, and as a reason for such request, respectfully submit the following circumstances for their consideration -

II The Country surrounding Kumool is excessively bare and uninteresting, there is no game in the neighborhood either to shoot or hunt. Trees are so scarce that there is no shade, and in consequence half an hour after sunrise or before sunset the unmitigated rays of the sun are almost unbearable, in fact there is no inducement whatever to take the exercise necessary for health - The Climate has for some time past been very unhealthy, many of the Officers suffer from periodical attacks of fever, and all more or less from a general feeling of indisposition -

No. 19. Read the following letter from the Trustees of the Kurnool Racket Club, to the Chief Secretary to Government, Fort Saint George.

We have the honor to beg you will kindly submit the following statement to Government, whose aid we earnestly solicit for the purpose therein set forth:—

1. The European residents of this station desire to build a Racket Court, and have raised the sum of Rupees 1410 by donations and subscriptions for that end. An European contractor has offered to build a good and substantial Court for Rupees 2141, contingencies will probably bring the sum required up to Rupees 2300, or Rupees 900 in excess of the sum which the residents have been enabled to raise, and they trust that Government will be pleased to assist them in completing this sum, and as a reason for such request, respectfully submit the following circumstances for their consideration.

2. The country surrounding Kurnool is excessively bare and uninteresting, there is no game in the neighbourhood either to shoot or hunt. Trees are so scarce that there is no shade, and in consequence half an hour after sunrise or before sunset the unmitigated rays of the sun are almost unbearable; in fact there is no inducement whatever to take the exercise necessary for health. The climate has for some time past been very unhealthy, many of the Officers suffer from periodical attacks of fever, and all more or less from a general feeling of indisposition.

3. Under these conditions people are apt to grow weary and listless, to occupy their minds with their ailments or with plans for leaving a place so devoid of attractions, and to become prone to the diseases incidental to a life in a tropical country.

4. The game of Rackets is eminently adapted for obviating such evils, as it enables the players to obtain agreeable exercise, promoting a healthy tone both of mind and body, without exposure to the sun.

5. Government have recognised the necessity of keeping their Soldiers engaged in healthy recreations, and have, it is believed, erected Racket Courts with this object at more than one station; they are doubtless equally anxious to see their Officers placed under the like favorable condition of health.

6. The erection of a Racket Court for this station would be a benefit conferred upon many besides the present residents, who, being unable to bear the whole expense of such an undertaking, throw themselves upon the liberality of Government, in the hope that the circumstances set forth will meet with favorable consideration.

7. In conclusion, we beg to mention that there is no time so favorable for the undertaking as the present, as many gentlemen connected with the Irrigation Company, who may hereafter be removed to distant parts of the District, have enrolled their names in the list of subscribers.

8. Should Government be pleased to give a favorable reply to this appeal, we hope to see the Court finished and opened before the commencement of next hot season.

No. 20. ORDER THEREON, 4th December 1867, No. 1518.

The Governor in Council regrets that he is unable to comply with the application for a grant of money for a Racket Court at Kurnool.

(True Extract).

Chief Secretary.

To the Trustees of the Kurnool Racket Club.
Exd. J. Tulloch.

maintain a healthy tone both of mind and body, without exposure to the sun—

V Government have recognised the necessity of keeping their Soldiers engaged in healthy recreations, and have it is believed erected Racket Courts with this object at more than one station; they are doubtless equally anxious to see their Officers placed under the like favorable condition of health—

VI The erection of a Racket Court for this Station would be a benefit conferred upon many besides the present residents, who being unable to bear the whole expense of such an undertaking, throw themselves upon the liberality of Government, in the hope that the circumstances set forth will meet with favorable consideration

VII In conclusion we beg to mention that there is no time so favorable for the undertaking as the present, as many gentlemen connected with the Irrigation Company, who

No 2500.

From

Office of the Director
of Public Instruction
Madras, 16 Aug 79

The Director of Public Instruction,
Madras.

To

The Chief Secretary to Govt.
Sir G. George.

Sir,

In compliance with G. O.
of the 28th ultimo, No 1501, I have the
honor to submit a letter from the Principal
of the Medical College dated the 6th instant.

2. It will be seen that, in Mr.
Smith's opinion, because the additional
Assistant Apothecary who is to be made
available for the College as soon as the
 exigencies of the Medical Department
will permit, another officer of the same
grade is required to allow of the in-
stitution providing for the wants of
British Burma.

3. The Principal of the College
prints

points out that Mr. Mackenzie's
allowance of 50 per cent for failures
among the students admitted to the
College is correct only for the year
of the 2nd Department and is far
too high for the Junior Department.
Here however I have to remark that I
doubt if Native Dressers, or papered
students of the Junior Department,
are the sort of men whom Mr. Green
desires to have provided for service
in Burma. I imagine that Assistant
Apothecaries, or men approaching that
grade rather than the grade of Dressers,
are the men for whom a want is felt.

I have the honor to be,
Sir,
Your most obed^t Serv^t

Wm. L. Marshall
Director of Public Instr.

 The Principal
 of the College

The Director of Public Instruction
 Madras

I have the honor to submit the
 information called for under the Order
 of Government No. 1351, dated 28 Novem-
 ber 1887.

1. Thirty three, rather as the number
 ought to be. thirty five pupils constitute
 as large a class as can be thoroughly
 taught and efficiently examined at one
 time, under existing arrangements of
 the College and with the teaching power
 at my disposal.

2. The question is one simply of assistance.
 Under the Order of Government No. 279,
 dated 3 September 1887, I am given
 to understand that the services of an
 assistant Lecturer will be available
 for duty at the Medical College when
 the exigencies of the service permit of

of his transfer. His services are necessary for existing necessities - there the services, however, of another assistant apothecary placed at my disposal, satisfactory arrangements could be made to meet, without trouble, the requirements of Government.

4. With reference to para 5 at - 2? Inacton's letter, No & date in per margin, I may be allowed to remark ^{+ No 414 dated 23 October/67} that the allowance of 50 per cent. allowance for casualties &c there alluded to, applies only to the Second Department, the ratio of entrants of the Junior Department who ultimately pass into the service being as high as from 77 to 96 per cent.

I have the honor to be,

Sir

Yours most obedt servant

Robt. Smith

Principal Med Officer

4 Decr 1867 N: 1578.

The Governor in Council
regrets that he is unable to comply
with the application for a grant
of money for a Ragout Court at
Kurunool.

Pur

I would be inclined
to grant the request
if the health of the
officers for further
recreation seems to be
impaired. The men and
the officers of the Ragout
Court are in very poor
health. I think this
application has
better be referred
to the Committee on
the subject of the Ragout
Court.
