Read the following papers :—

No. 32. From the Inspector General of Ordnance and Magazines, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 14th November 1867, No. 220.

I have the honor to state, for the information of Government, that the Superintendent of Stationery has brought to notice that eight reams of water-marked paper, of the description hereto attached, were indented for from England upon the requisition of the Accountant General, dated 17th October 1860. The paper was received from England in 1863, and handed over to the Military Accountant, by whom the paper was returned, 14th October 1867, to the Stationery Office, as not being required.

2. The paper, being of a special description, is wholly useless for the purposes of any other Department, but may possibly be used for printing Paymaster's Cheques, should there be no objection to that measure.
