*ings of the Madras Government, Public Department,
11th December 1867.*

No. 106. Read the following letter from the Collector of North Arcot, to the Chief Secretary to Government, Fort Saint George ; dated Chittoor, 30th November 1867, No. 80.

I have the honor to acknowledge the receipt of the Order of Government, dated 13th September last, No. 1144, Public Department, returning the two estimates forwarded with my letter of the 31st August last, No. 64, and directing that a fresh estimate be prepared of the probable cost of clearing away only such portions of the prickly-pear bushes as form positive impediments to the military arrangements of the Corps at present stationed at Raneepett.

2. My Acting Head Assistant, who resides on the spot, and whom I consulted in the matter, writes to say that he does not think that the second of the estimates, which amounts to Rupees 5900, and in which the item for prickly-pear alone amounts to Rupees 1240, can be reduced, and that, if further curtailed, many of the impediments now complained of must remain as they are. The Range Officer, likewise, in communication with the Commandant of the station, writes to the same effect.

3. Under these circumstances, I beg to return the estimate in question for the sanction of Government ; as, if the object of the work is to be in any degree attained, it cannot be done cheaper.

4. It will be for Government to decide whether this expenditure need now be incurred, just as the immediate necessity of the work is about to cease, on the removal of the Cavalry Regiment elsewhere.

No. 107. ORDER THEREON, 11th December 1867, No. 1567.

As the Cavalry Regiment now at Raneepett is under orders for removal to Bellary, the work provided for in the estimate submitted by the Collector may be delayed.
