No. 1609.

FROM

R. S. ELLIS, Esq., C. B.,
Chief Secretary to the Government of Fort Saint George,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
 FINANCIAL DEPARTMENT.

SIR,

I am directed to submit, for the favorable consideration of the Governor General in Council, an application made by Native Surgeon S. Jesudasen Pillay, who has been appointed under Act IX of 1867 to the office of Collector of Municipal Taxes in the Town of Madras, that the time he may pass in municipal employ be allowed to count as service towards pension.

2. In the case of S. Jesudasen Pillay, I am to point out that he has been employed for 15 years in the Medical Department, and that his case, therefore, may be considered as presenting special grounds for granting his request.

3. By the present rules on the subject (vide paragraph 714 Tulloh's Manual) the whole period of service of an Uncovenanted Officer, although for a portion of it salary was paid from local funds, reckons towards pension, provided the appointment paid from local funds was made by Government. As the appointment held by S. Jesudasen Pillay under the Municipal Commissioners is one of those which, under Act IX of 1867 (vide Sections 11 and 12), are to be made by the Governor in Council, the rule above quoted may be held to apply.

4. I am to add that the Governor in Council would put a limit upon municipal service being allowed to count for pension, and that he would not recommend this indulgence except in cases where the previous service under Government has been for a period of at least ten years.

I have the honor to be,

FORT SAINT GEORGE,
 21st December 1867.

Sir,
 Your most obedient Servant,

Chief Secretary.

No. 179. From Native Surgeon S. JESUDASEN PILLAY, Collector of Municipal Taxes, Madras, to His Excellency the Right Honorable the Governor in Council, Fort Saint George; dated Madras, 28th October 1867.

With reference to the conversation I had the honor of having with your Lordship on Saturday last, I now, in accordance with your Lordship's kind suggestion, beg to enclose a Memorandum of certain points relative to the matter which formed the subject of that conversation; and I humbly venture to express an earnest hope that your Lordship will do me the favor to accord to me your support.

MEMORANDUM.

- I have been in the Medical Department for 15 years, having graduated in the year 1852.
2. I was appointed to the Districts of Madura and South Arcot respectively, and the manner in which I discharged my duties there will be seen by the enclosed copies of testimonials and Orders of Government.
 3. I was transferred to Madras in the year 1856 as Native Surgeon for the Presidency, and in May 1861 I was appointed as one of the Municipal Commissioners, *without* prejudice to my medical duties.
 4. I have been in the Municipal Department nearly seven years, and I have been able to perform both duties efficiently, without one interfering with the other.
 5. The new Municipal Act requires Officers of that Department to devote their whole time and attention to their respective duties. By this legislation it will become necessary for me to give up either of the Departments to which I now belong.
 6. My medical duties simply occupy my time in the mornings and evenings, which cannot interfere with the performance of my regular work during the day in the Municipal Department, and, therefore, my connection with both Departments will not be prejudicial to the public interests.
 7. But if, under the operation of the new Municipal Act, I must give up the medical appointment, I humbly trust that I may be allowed to be borne on that Department, so that, if it should ever be necessary, I may revert to my appointment, and that my service in the Municipal Department may be allowed, as in the case of *many others* whose services are made available for duties other than those of their own proper Departments, to reckon towards pension.
 8. I have now fifteen years' service in the Medical Department, which would entitle me, under a Medical Certificate, to one-third pension. If this service is not allowed to reckon towards pension, I shall suffer very great loss, and I, therefore, earnestly solicit that I may be protected from such loss.
 9. My present salary from both Departments aggregates Rupees 700 per mensem, and by my giving up my Medical appointment I shall, if my salary in the Municipal Department be fixed at the maximum of Rupees 600, lose Rupees 1200 per annum; and I, therefore, trust that, in consideration of this great loss and the character of my past services, my prayer may be granted as a special case.
- MADRAS, 28th October 1867. (Signed) S. JESUDASEN.

OFFICIAL MEMORANDUM.

No. 180.

The undersigned has the honor, in reply to Memorandum from the Under Secretary to Government, No. 384, dated the 9th instant, to the address of the Accountant General, to state by his direction that, as far as this Department is aware, paragraph 714 of Tulloch's Hand Book does not seem to be applicable to the case of the Municipal Commission, because "local funds" as used therein appear to mean such as are administered by Government.

2. The undersigned is however of opinion that the point is one which might well be referred for the decision of the Government of India.

OFFICIAL MEMO.

The undersigned has the honor in reply to
Memorandum from the Under Secretary to
Government No. 387, dated 11th inst. in the
address of the Accountant General to state by his
direction that as far as this Department is aware
the 11th of Galloway's Manual does not seem
to be applicable to the case of the Municipal Com-
mission because "local bodies" as used therein
apparently mean such as are administered by
Government.

The undersigned is however of opinion that
the point is one which might well be referred for
the decision of the Government of India.
