No. 9. From the President to the Municipal Commission, Kurnool, to the Chief Secretary to Government, Fort Saint George; dated Kurnool, 16th January 1867, No. 3.

I have the honor to bring to the notice of Government that the Superintendent of Police informs me that the Inspector General refuses to meet the charges for oil and lighting in the Police stations, and for the Police lanterns within the Municipal limits, and says the Municipality should meet the charge themselves.

2. It appears to me that Mr. Robinson is in error, for the amount paid monthly to the Government on account of the Police is Rupees 550, whereas the salaries for the Police employed in the Municipal limits amounts only to Rupees 479-6-0, leaving a margin of Rupees 75-10-0 per mensem for contingencies, as entered in column 1, Section 25, of the Municipal Act, and in the estimate furnished by the Superintendent of Police the charge for oil, &c., is entered.

3. It is, no doubt, very necessary that the stations and lanterns should be lit during nights, especially in the dark part of the month.

4. If the Municipality pay separately for oil, &c., they will actually pay twice for it. Should the Inspector General still refuse to meet the charge, I think that the Municipality might pay it, and that the sum so expended monthly should be refunded to the Municipality from the sum of Rupees 550 paid by the Municipality to Government on account of the Police.

Statement showing the probable expenditure to be incurred for Town Police for the Town of Kurnool, in the District of Kurnool, for the official year 1866-67.

No. 10. From the President to the Municipal Commission, Kurnool, to the Chief Secretary to Government, Fort Saint George; dated Kurnool, 21st January 1867, No. 14.

With reference to my letter to you on the subject of the supply of oil to the Town Police, No. 3, dated 16th instant, I have the honor to forward, for your information, copy of Captain Reid's letter with enclosures to me on the same subject.

From the Acting Superintendent of Police, Kurnool, to the President Kurnool Municipal Commission; dated Kurnool, 16th January 1867, No. 23.

I beg to forward bills for oil supplied by me for the use of the Town Police of Kurnool for November and December 1866.

2. A charge for oil is entered in the October estimate of probable cost of Town Police for the year 1866-67, and I am aware that $\frac{1}{12}$ th of the whole estimate is paid in monthly to the Treasury by the Commission to be credited to Government, but I am nevertheless forbidden to enter the charge in my contingent bills submitted to the Chief Office of Police at Madras, and have been directed to arrange with the Commission for the final adjustment at the close of the year.

3. Should you consider a reference to Government necessary to effect the adjustment, I trust you will at the same time cause the bills to be paid in anticipation of sanction; otherwise, the efficiency of the night patrol men will be impaired.
