*Proceedings of the Madras Government, Public Department,
5th March 1867.*

No. 23. Read the following Despatch from the Right Honorable the Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort Saint George; dated India Office, London, 24th January 1867, No. 5.

I have received and considered in Council your Despatch, No. 32 of 9th October 1866, forwarding a report on the operations of the Stationery Dépôt during 1865-66.

2. Complaint is made of delays in this Department in complying with your Indent for 1867, but the allegations are not sufficiently precise to enable me to estimate the reality or amount of those delays.

3. In order to secure the prompt delivery of Stationery, Indents should shew the date by which the stores demanded are required, and should arrive in this country at least nine months before that date.

4. The attention of the Controller of Her Majesty's Stationery Office has been drawn to the alleged inferiority of the Quills supplied.

5. The Printing Ink complained of was manufactured by Messrs. Harrild and Sons, who rank among the first makers in the trade.

6. I request that a sample of the Ink may be sent Home for examination, when, should it prove inferior, Messrs. Harrild and Sons will re-place the 207lbs. at their own cost.

7. To insure the satisfactory working of Printing Ink, all demands for that article should specify the character of the work for which it is required, the type and paper to be used, and whether the Printing Press is worked by steam or hand power.

No. 24. ORDER THEREON, 5th March 1867, No. 235.

Ordered that a copy of this Despatch be furnished to the Inspector General of Ordnance and Magazines, with instructions to bear in mind the orders conveyed in paragraph 3.

2. The Inspector General will forward, for transmission to the Home Government, a sample of the Printing Ink, stated in his Report of the 30th August 1866 to have been supplied to the Government Press, and objected to as being of "very bad quality."

3. In regard to future Indents for Printing Ink, the Inspector General will see that the particulars required in paragraph 7 are fully specified.

(True Extract).

Chief Secretary.
