No. 108. Read the following letter from the Collector of Trichinopoly, to the Chief Secretary to Government, Fort Saint George; dated Trichinopoly, 15th January 1867, No. 3.

I have the honor to forward the Map of the Trichinopoly Municipality, called for in Government Proceedings, dated 22nd December 1866, No. 1306.

2. The Cantonment limits are marked by a yellow line and numbered boundary pillars. It will be seen that these so-called Military limits are divided into two portions by the Wyacondan channel; the larger portion comprising nearly all the English Resident's offices and houses, as well as the Collector's Cutcherry, whilst the smaller contains the Pootoor Parade ground, and lines of the 23rd Regiment, together with the houses of the English Officers attached to this Corps.

No. 109. ORDER THEREON, 16th March 1867, No. 283.

In the Proceedings of Government under date the 30th October last, with reference to a recommendation made by the Inspector General of Police, that the area of the Military Cantonment at Trichinopoly should be reduced as being unnecessarily extensive with reference to the present Military requirements of the station, the Magistrate was directed to submit a plan of the town showing the proposed Municipal and Cantonment boundaries.

2. The plan submitted with the letter above recorded shows the existing boundaries, but the Magistrate has omitted to state whether he would propose any alterations in these boundaries, and if so, what alterations he would recommend. The Acting Magistrate will now supply the omission after communicating on the subject with the Officer Commanding the Southern Division and the Inspector General of Police. The plan will be returned in order that any alterations which may be eventually proposed may be noted on it.
