WJ

N. 38

Comptroller Collectors Office

Colacum 16th May 1867

From P. Grant Esq.

Collector of Comptroller

To The Honble R. J. Robertson

Chief Secretary to Government

Fort St George

Sir,

In reply to Proceedings of Government
Public Department and their order thereon dated
7th May 1867 No. 488, I have the honor to
inform you that some months ago after communication
with P. Day as to the best means to be adopted
for the preservation of the Fish introduced by him
into the Colacum Lake and the Teyana
and Avalanche streams, I prohibited by an
order publicly promulgated the use of Nets in
any of these waters, and I have reason to believe
that the order has been pretty generally observed
by the public. For the present I do not think that
the issue of additional orders is necessary. Fortunately
for the Fish, from the 15th June to the 15th September
the

the period during which Dr. Day recommended
the prohibition of fishing on the Shells, the South-west
Monsoon is so boisterous, that for the first two
months no one could catch fish even if he were
anxious to do so.

The Special Assistant Collector
has been directed to make the necessary arrange-
ments to procure the several species of fish
recommended by Dr. Day to be placed in
the Cotacumundo Lakes.

I have the honor to be

Sir,

Yours most obedt. Servant

R. Hunt
Collector

J. M. Hunt
