With reference to the Proceedings of Government, Public Department, under date the 29th May 1867, No. 597, I have the honor, by desire of the Directors of the Monegar Choultry, to submit, for the inspection of Government, the design of the proposed building, as the Rajah of Vencatagherry's Chuttrum, accompanied with an explanatory Memorandum by Mr. Chisholm, under whose superintendence the Chuttrum is now being constructed.

MONEGAR CHOULTRY.

EXPLANATORY MEMORANDUM.

A design was drawn out for the approval of the Rajah of Vencatagherry, capable, when built, of accommodating 150 men. The estimated cost was 15,000 Rupees. After the matter was discussed by the Committee appointed by Government, it was agreed, with the full concurrence of the Rajah's Agent, to reduce the accommodation by one half. A revised design was accordingly prepared, the estimated cost of which is a little over 7000. This design met with the approval of the Committee, and the work has been commenced.

2. The building will be constructed of brick laid in clay, with the dressings in mortar. The roof will be tiled, supported by teak-wood trusses. The floor will be of square paving tiles. All openings will be closed by batten doors.
