*Proceedings of the Madras Government, Public Department,
13th June 1867.*

No. 131. Read the following letter from the President of the Municipal Commission, Mangalore, to the Chief Secretary to Government, Fort Saint George; dated Mangalore, 13th May 1867.

As directed in your telegram of the 10th instant, I have the honor to submit, herewith, the Municipal estimates for the official year 1867-68. I regret that they were not forwarded earlier than this; but the delay was owing to the absence of the Vice-President from the town, while I was out in the District on Jumabundy.

2. The receipts have been calculated upon collections actually made during the past half-year, and it is expected that the amount will be realized in full.

3. The trifling change proposed to be made in the office establishment has been found expedient after six months' working of the Act, and you will observe it is to be effected without any increase in the amount sanctioned last year for that purpose. The other items do not seem to call for remark.

No. 132. ORDER THEREON, 13th June 1867, No. 676.

With the foregoing letter the President of the Mangalore Municipal Commission submits an estimate of expected receipts and proposed expenditure for the year ending on the 30th April 1868.

*Proceedings of the Madras Government, Public Department,
13th June 1867.*

2. It is proposed to raise and expend the sum of Rupees 16,340, of which the Commissioners will raise Rupees 12,255; the Government contribution of 25 per cent. on the gross sum being 4085 Rupees.

The sum to be raised by the Commissioners, plus the Government contribution, together with the balance of Rupees 2990 remaining unexpended from last year, gives a total of Rupees 19,330. The expenditure is estimated at Rupees 14,712-5-4.

3. It is observed that the Police charges, as sanctioned by Government in their Proceedings of the 9th May 1866, amounted to Rupees 5846. Rupees 120 was afterwards sanctioned for the purchase of oil, making the total Police charges for the year Rupees 5966.

It does not appear whether any change in the force, or increase of salaries is contemplated, as the estimate furnished to the President by the Deputy Inspector General of Police has not been submitted to Government; nor is there anything to show why the estimated Police charges for this year should have been raised to Rupees 6599-14-0.

4. The President will submit the estimate furnished by the Deputy Inspector General, to the Inspector General of Police, who is requested to forward it to Government with such remarks as may appear to be called for.

5. The President will also forward direct to Government a list of the persons whom it is proposed to appoint Commissioners for the current year, together with a detailed Statement of actual receipts and expenditure during the half-year ending on the 30th April 1867; and will state more explicitly why it has been considered

desirable to raise a sum exceeding the estimated expenditure by Rupees 1628, exclusive of the balance in hand, amounting to Rupees 2990.
