Read the following papers :—

No. 170. From the Magistrate, and President of the Municipal Commission, Kistna District, to the Chief Secretary to Government, Fort Saint George; dated Masulipatam, 3rd May 1867, No. 9.

With reference to Section 31 of Act X. of 1865, I have the honor to submit, for the approval and sanction of His Excellency the Governor in Council, certain proposals of the Municipal Commissioners of the Town of Guntoor, regarding the estimate of the sums to be raised, and of the expenditure proposed to be incurred during the next Official year commencing 1st May 1867.

2. The estimates appear to me to have been prepared with much care and judgment, especially with regard to the allotment of proportionate sums under the different heads of expenditure.

3. I fully concur with the various arrangements made by the Vice-President, Dr. Wither, and the Commissioners, and recommend them for the favorable consideration of Government.

4. I further beg to forward, for the information of Government, a statement of sums raised and expended by the Municipality of Guntoor during the last half-year in which Act X. of 1865 was in force.

5. I request you to obtain the special sanction of Government for the taxes that have been collected under the Schedules A, B, and C, during the past six months, which I observe by G. O., No. 224, dated 1st March 1867, is necessary, although the general approval of Government had already been obtained.

From the Vice-President of the Municipal Commission, Guntoor, to the President of the Municipal Commission, Kistna District; dated Guntoor, 10th April 1867, No. 42.

I have the honor, herewith, to submit, for approval and sanction, the estimated receipts and expenditure under Act X. of 1865, for the year commencing 1st May 1867, and ending 30th April 1868.

2. From the enclosed statement, showing the receipts and expenditure during the past six months, it will be seen that the proceeds actually received under the three Schedules A, B, & C, of the Act have fallen short of the estimated amount, and have been found insufficient to meet the necessary expenditure; I have therefore to request that the permission of Government may be requested for the Commissioners to levy the Tax on houses, buildings, and lands, at 4 per cent., as provided in Sections 38 to 44.

3. With regard to the sum of Rupees 7805, raised by the sale of a piece of vacant ground in the bazaar, as has been reported, Rupees 1500 have already been expended in the removal and burial of Prickly Pear within the Municipal limits, as this was a work of much importance, with reference to the sanitary condition of the Town.

With the balance, the Commissioners propose,

1stly.—To construct a Head Sluice and Calingulah for the Red Tank, also an important work in connection with its water supply.

2ndly.—To build a Bridge over a street leading to the Black Tank, which becomes a water-course in the rainy season.

3rdly.—To erect double the number and more permanent latrines than were originally estimated for.

4thly.—On the repair of roads, construction of drains, &c.

No. 171. From the Inspector General of Police, to the Chief Secretary to Govern-
ment, Fort Saint George; dated Madras, 16th May 1867, No. 812.

Account Department.

I have the honor to return, herewith, letter from the Magistrate of the Kistna
District, referred to me with your docket
of the 14th instant. I have nothing to
remark thereon except including an
adequate provision for the contingencies
in the estimate of the Town Police at
Guntoor, as per margin, for 1867-68.

No. 9 of 3rd May 1867.

- 1 Fifth Class Inspector, at Rupees 60 per month.
2 Head Constables, at „ 22 do.
3 Deputy Constables, at „ 12½ do.
12 First Class Constables, at „ 8 do.
20 Second Class Constables at „ 7 do.
Total annual cost, including clothing and contingencies,
Rupees 5243.
Total annual cost payable by the Municipality, being 75
per cent., Rupees 3932.

No. 172. ORDER THEREON, 17th June 1867, No. 701.

From the foregoing letter and its enclosures it appears that the receipts
realized by the Guntoor Municipal Commission have fallen short of the estimates,
the collections under Schedules A, B, and C amounting to Rupees 3436 only, while
it was expected that Rupees 4000 would have been realized from these three
sources of income. Inclusive, however, of miscellaneous receipts, such as fines and

sale of manure, and of the Government contribution, the total income for the past
six months ending on the 30th April 1867, was Rupees 4960. The total expendi-
ture for the purposes described in Section 25 of the Act, during the same time, was
Rupees 5193.

It is, therefore, proposed to levy a rate on houses and buildings to cover this
excess of expenditure over income, sanction being retrospectively granted to levy
this rate for the half-year now concluded.

2. The Governor in Council is of opinion that such a measure is not desir-
able. The deficit must be met from the sum realized by the Commissioners by
the sale of lands.

3. The balance of Rupees 6072, which it was expected would stand to the
credit of the Commission on the 1st May 1867, is irrespective of the amount sanc-
tioned by Government, and of the Government grant; Rupees 7805 having been
realized by sale of vacant sites, while of this sum Rupees 1500 only had been
expended.

4. For the purposes of the Act described in Section 25; it is proposed to
raise, during the year ending on the 30th April 1868, a sum of Rupees 14,578,
of which sum the Government contribution will be Rupees 3644-10-8. The
estimated disbursements amount to Rupees 17,880; but the sum of Rupees 14,578,
which it is as above stated proposed to raise, together with the balance in favor of
the Commission, viz., 6072, will not only provide for all contingencies, but will
cover the deficit for the past half-year and the additional charge for Police
establishment and contingencies as revised by the Inspector General.

5. The total annual expenditure, accepting Mr. Robinson's altered charge for
Police contingencies, will therefore be Rupees 18,023, of which sum Rupees 5243
will be the cost of Police establishment; the total amount to be raised, therefore, will
be Rupees 14,587-12-2, of which sum Government will contribute Rupees 3653-12-2;
the excess charge on account of Police, to be defrayed by the Municipality, will be
paid out of the probable balance in hand from the previous year.

The following Notification will accordingly be published :—

It is therefore proposed to levy a rate on houses and buildings to cover this excess of expenditure over income, sanction being retrospectively granted to levy this rate for the half year now concluded.
