No. 182. ORDER THEREON, 19th June 1867, No. 705.
To be recorded.

(Signed) A. J. ARBUTHNOT,
Chief Secretary.

No. 197. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 1st June 1867, No. 1,096 :—

1. I have the honour to bring to the notice of Government that, in the Order of the 17th May 1867, No. 1,494, the undermentioned allotment has been sanctioned, as specified in the list of incomplete works brought forward in the year 1867-68, and in paragraph 8 of the same Order, an estimate for the work is to be submitted at an early date :—

1 Plan.
1 Estimate.

Presidency.—Making certain alterations and improvements to the Monegar Choultry and Leper Hospital.

Expenditure to 31st March 1867.	Amount allotted.	Head of Reserve from which the allotment is made.
RS. 185	RS. 1,390	"Civil Buildings."

2. This work was shown as emergent in the list submitted by Colonel Boileau, and the expenditure last year was incurred at the request of the Sanitary Commissioner. On submitting the plan and estimate, amounting to Rupees 1,575, and which I now enclose, to the Directors of the Monegar Choultry for approval, before their despatch to Government, I was informed by the Treasurer of that Institution on the 28th instant, that, owing to very extensive alterations and additions being in progress at the Monegar Choultry from the Building fund, the Directors requested that the estimate might be held in abeyance.

3. I beg, therefore, that the balance* of the estimate which is now no longer required may be transferred to the "Drainage of the General Hospital," for which an estimate is about to be submitted, and on account of which work a sum of Rupees 3,353 has been allotted in the same Order quoted above. This will raise the allotment to Rupees 4,743, and this increased amount will not be by any means in excess of the requirements at the Hospital, as both the Sanitary Commissioner and Medical Officer have been
