OFFICE OF INSPECTOR GENERAL, INDIAN MEDICAL DEPARTMENT,

Fort Saint George, 14th June 1867.

From

The Inspector General, Indian Medical Department,

Fort Saint George.

To

~~The Chief Secretary to Government, Public Dept.~~

Fort Saint George.

SIR,

I have the honor to submit the following case for the consideration and decision of Government.

2. On the 4th February of the present year a report reached the Revenue Survey Office at Palamcottah, that a Deputy Surveyor was dangerously ill with "ague and lock-jaw" at a village 24 miles distant, and the Deputy Superintendent directed the Dresser doing duty with the Survey party to proceed at once to the village to afford medical aid.

3. The Dresser procured a cart and bullocks and proceeded the same day on this emergent duty and returned to Palamcottah with the patient, whom he found delirious and suffering from Ardent fever brought on by exposure to the sun.

4. The Dresser applies for travelling Batta of 4 annas per mile under Order of

Proceedings of the Madras Government, Public Department,
19th June 1867.

No. 191. Read the following letter from the Inspector General, Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 14th June 1867, No. 229.

I have the honor to submit the following case for the consideration and decision of Government.

2. On the 4th February of the present year, a report reached the Revenue Survey Office at Palamcottah that a Deputy Surveyor was dangerously ill, with "ague and lock-jaw", at a village 24 miles distant; and the Deputy Superintendent directed the Dresser doing duty with the Survey Party to proceed at once to the village to afford medical aid.

3. The Dresser procured a cart and bullocks, and proceeded the same day on this emergent duty, and returned to Palamcottah with the patient, whom he found delirious and suffering from ardent fever, brought on by exposure to the sun.

4. The Dresser applies for travelling batta of 4 Annas per mile, under Order of Government, Judicial Department, No. 983, of 22nd June 1866, limiting his bill to Rupees 6 for the outward trip. The Superintendent of Revenue Survey, however, is not prepared to pass a greater charge than 4 Annas per diem, on the ground that the above Order authorizes mileage only for the duty of "examining corpses or wounded persons, or being present at the execution of sentences of corporal punishment."

5. I respectfully submit that it could not have been the intention of Government to restrict the mileage allowance to the duties indicated, or to deny this indulgence when the duty performed was to save the lives of their servants, instead of reporting upon corpses, or being present at the infliction of corporal punishment; I have, therefore, the honor to request that Government may be pleased to declare the indulgence admissible also in cases where Medical Subordinates are required by competent authority to travel a distance exceeding five miles on public duty of whatever nature.

6. According to the usage of the Service, mileage allowances, when claimable by regulation, are admissible for up and down trips; I, therefore, beg to suggest for favorable consideration that the Dresser may be allowed the expenses of his return to Palamcottah as well, viz., Rupees 12 in all.

No. 192. ORDER THEREON, 19th June 1867, No. 710.

His Excellency the Governor in Council sanctions the payment of Rupees 12 to the Dresser referred to in the foregoing letter, and authorizes the application of the rule laid down in the Proceedings of Government of the 22nd June 1866, No. 983, to the case of Medical Subordinates required to travel distances exceeding five miles on public duty of whatever nature.

Sir,

I have the honor to request that the sanction of Government may be obtained for an allowance of Rs. ten (10) per mensem to be applied to paying a Postman and Pann for the use of this station. The Remarks in which the Station Office is, is at a distance of three miles from the town of Caticut, in which are situated the Telegraph Office, Master Attendant's Office, as well as the Offices of both the Steamer Agents with all of which Offices there is almost daily communication, also the Post Office to which, in order to properly carry out the work of the station it is necessary to send twice a day. The only persons at present available for these duties are the Privates of the Detachment stationed here, but in the opinion of the Medical Officer the long walk to

to and from Calicut in the sun is in-
jurious to the health of the men, and during
the mmon months the exposure to which
they would be subjected would render
it dangerous to them. An allowance of
Rupees (25) twenty five a month is now
drawn, but nothing can be spared
from this sum for the purpose in question,
as it is insufficient in itself to meet
the purpose for which it is allowed,
viz pay of writer and purchase of
stationery

Sir,

I have the honor to forward
for the favorable consideration of
His Excellency the Commander in
Chief, the accompanying copy of letter
from Officer Commanding Calicut,
soliciting a grant of Rupees 10 per mensem
as pay for a Station Postman and
Peon required in consequence of the
distance of the Detachment from the
Town and Post Office.

In my letter No 75 of
5th April 1866 to the address of the
Deputy Assistant Quarter Master Genl
Mysore Division, subsequently trans-
mitted to you, I fully detailed the
circumstances of this Detachment
and the onerous duties which fall to the
Officer Commanding it.
