NORTH ARCOT,
MAGISTRATE'S OFFICE,
CHITTOOR, 19th June 1867.

(Signed) W. H. COMYN,
Ag. Joint Magistrate in Charge.

*Proceedings of the Madras Government, Public Department,
27th June 1867.*

No. 264.

ORDER THEREON, 27th June 1867, No. 752.

The total amount which the Commissioners for the town of Vellore propose to raise and expend during the current year is Rupees 30,709. Deducting from this the sum of Rupees 400, estimated for the purposes of lighting the town, as being a charge for a purpose other than those specified in Section 25, the Government contribution will be 25 per cent. on Rupees 30,309, or Rupees 7,577-4-0.

2. The Commissioners themselves propose to raise Rupees 30,220, which sum, with the Government contribution, amounts to Rupees 37,797, or Rupees 7,577 more than is required.

3. It is undesirable that the Commissioners should raise a sum so largely in excess of actual requirements, nor are the Government prepared to contribute proportionately on such a sum: the President will therefore report what reduction of taxation the Commissioners recommend, either by lowering the house-rate, or by giving up one or more of the proposed sources of taxation.

4. The President will at the same time submit statements of the actual receipts and expenditure during the past year, and a list of the Commissioners whom it is proposed to appoint or re-appoint for the present year.

(True Extract).

Acting Chief Secretary.

To the Acting President of the Municipal Commission, Vellore.

Read the following letter from the 2d Just Magistrate in charge,
North West dated 19th June 1867. No 42.

order Thurs. 29 June 1867 No 752.

The ~~sum~~ ^{total amount} which the Commissioners for the
Town of Vellore propose to raise and
repaid during the current year is
Rs 30709. Deducting from this the
~~sum of Rs 400~~ ^{sum of Rs 400} estimated for the purposes of
lighting the town, as being a charge
for ~~the purposes~~ ^{other} than those specified
in Sec 25, the Govt contribution will
be 25 per cent on Rs 30,309, or
Rs 7577.40

2. The Commissioners themselves propose
to raise Rs 30220, which sum with
the Govt contribution amounts to
Rs 37,797, or Rs 7577 more than is
required.

3. ~~It is desired that~~ It is undesirable
that the Commissioners should raise
a sum so largely in excess of
the actual requirements, nor are
the Govt prepared to contribute
proportionately on such a sum.

 diture during the past year

 it is proposed to appoint a
 rapporteur for the present
 year.

This may be printed
 at once.

I would point out to the
 President that more
 should not be mixed
 than is absolutely required
 and ask him to report
 the action of taxation
 the Mun. Comm. recommend
 they may choose to leave
 the house tax.

The sum the raised and expended
 is Rs 30709 - From this must be
 deducted Rs 400 for lighting
 charges inadmissible under sec 25.

2. The Govt. contribution on this sum (Rs 30,309) is Rs 7577.

themselves, the Commissioners propose to raise
 Rs 30220, which sum with the
 Govt. contribution amounts to
 Rs 37,797 - or Rs 7577 more
 than is required.

It is useless for the Commission
 to raise so much, if the Govt.
 contribute in proportion, if
 the former cannot spend the
 amount.

3. If the house tax were foregone then
 would still be ample funds.

I propose that the President be requested
 to state if he is prepared to recom-
 mend this measure - or if not
 to advise to produce the receipts.
 This will cause little or no
 delay as the actuals for last
 year, list of Commissioners
 have not yet been sent.
