No. 49. From the President of the Municipal Commission, Cuddapah, to the Chief Secretary to Government, Fort Saint George; dated Cuddapah, 25th June 1867, No. 113.

I have the honor, under Section 133 of the Towns' Improvement Act, to submit, for the approval of the Governor in Council, the undermentioned rates for licenses which the Commissioners propose to levy in the town of Cuddapah:—

For slaughter-houses in two classes, Rupees 12 and 6 respectively.

No. 50. ORDER THEREON, 5th July 1867, No. 784.

The Government observe that these bye-laws relating to slaughter-houses, are obscure and require revision. It would seem the intention of the Municipality to erect slaughter-houses and grant licenses for the use of these places, and to fix a maximum rate of fees, but this is not clearly stated. If the Municipality build the slaughter-houses, they should either manage them themselves, levying the fees, or they should let them under license, when the license holders would levy the fees. It is not stated if the Municipality reserve to themselves the exclusive right of opening slaughter-houses; or whether there are to be both municipal and private slaughter-houses. It will probably be found that for the Municipality to monopolize the right of opening slaughter-houses, while they close those already in existence, will be an interference with vested rights, in which case compensation must be granted.

2. Rules 1 and 2 regarding carriages cannot be sanctioned. Express provision is made in Schedule C for such vehicles and animals as may be taxed, and no provision is made for such taxation as is contemplated in these proposed bye-laws. Rule No. 3 is superfluous and will be omitted.

3. With these exceptions, and the verbal alterations and omissions which appear to be required, the proposed bye-laws are approved and sanctioned.

4. The rates for licenses to be charged under Section 133 are approved. It is not stated whether these licenses are to run for the whole year; but, pending further information, the licenses, as now sanctioned, will continue in force for one year.

3. Every slaughter-house shall be thoroughly washed and swept twice at least daily.
