No. 122. ORDER THEREON, 12th July 1867, No. 824.

From the foregoing letter and its enclosures, it appears that the Commissioners for the town of Salem propose to raise and expend, during the current year, Rupees 28,688, or, accepting the revised Police estimates submitted with the third of the letters above recorded, Rupees 28,646-4-6.

Proceedings of the Madras Government, Public Department,
12th July 1867.

2. To meet this expenditure the Commissioners are to raise, themselves, Rupees 23,200. The Government contribution, which is, in accordance with Section 27 of the Act, to be calculated on the total amount to be raised and expended, and not on the funds realized by the Commissioners only, will be Rupees 7161-9-1, and the total amount at the disposal of the Commissioners will be Rupees 30,361.

3. The Government are not prepared to sanction the estimates as now submitted. The sum of Rupees 3000, which it is intended to expend on the construction of a Municipal Office, the ultimate cost of which is estimated at Rupees 10,000, is not a sum to be devoted to any of the purposes specified in Section 25, nor are the Government bound to contribute thereon. If the Commissioners determine to erect such a building, they may, with the sanction of the Governor in Council, borrow the necessary funds under Section 77 of the Act.

4. Exclusive of this sum, the total amount to be raised and expended for the

purposes specified in Section 25 will be Rupees 25,646-4-6, while the funds at the disposal of the Commissioners will amount to Rupees 29,611-9-0, or more than Rupees 4000 in excess of actual require-

ments. There is, moreover, nothing to show whether any, and, if so, what balance stands to the credit of the Commissioners from the last year's accounts.

5. The Magistrate will submit estimates, revised in accordance with the instructions contained in the order, and with reference to actual requirements as regards expenditure for the purposes specified in Section 25. Mr. Pochin will, at the same time, send a statement of actual receipts and expenditure for the last half-year, and a list of the persons whom it is proposed to appoint or re-appoint Commissioners for the current year.

6. The revised estimate shows the charges for the present year as less by Rupees 293 than the charges for the last year; this Estimate will be forwarded for the remarks of the Inspector General of Police.

Inspector General of Police.

Salem Municipality.

The total amount sanctioned to be raised and expended for the purposes specified in section 25 of the Act during the past year was Rs 17,107.

Of this sum Govt. has contributed Rs 4276.12.0.

The Police charges amounted to Rs 8011.

2. This year it is proposed to raise and expend Rs 28688, (accepting the revised Police estimate submitted with the Magistrate's letter of the 29th May 1903) Rs 28646.4.6.

The Govt. contribution on the latter sum is Rs 7161.9.1 1/2.

The Commissioners propose to raise Rs 23,200. This with the Govt. contribution of Rs 7161.9.1 1/2 will amount to Rs 30,361.

The Commissioners have wrongly calculated the State contribution on the sum the raised of them only, instead of on the whole sum to be raised and expended as provided in sec. 27.

3. It may be as well to refer the Police estimate which is less by Rs 293 than the amount last year sanctioned by

I do not think that
~~it is doubtful also whether~~ the
Govt. should contribute 25 p/c
towards the erection of a
Municipal Office - a sum of
Rs. 3000 is intended for this
purpose. It can hardly be called
one of the purposes specified
in the 2nd para of section 25 -
the fact that building for Police
are expressly mentioned in the
first para - would seem to
exclude building for the use
of the Municipal Office, in the
2nd para.

If this sum be excluded the total
sum the raised expenditure
will be Rs. 25646-4-6. Govt.
Govt. will contribute Rs. 6411-9-1/2.

will be.

From the foregoing
letter and its enclosures it
appears that the Commission
for the Town of Salem propose

the current year Rs 28,688, or
accepting the revised Police

third of the letters above
recorded, Rs 28,646, 4-6.

total amount to be raised and expended, and not on the funds realized by the Commissioners only, will be Rupees 7,164-9-1 and the total amount at the disposal of the Commissioners will be Rs 30,367.

The Government are not prepared to sanction the estimates as now submitted; the sum of Rs 3,000, which it is intended to expend on the construction of a Municipal Office, the ultimate cost of which is estimated at Rs 10,000, is not a sum to be devoted to any of the purposes specified in Section 25, nor will the Government be bound to contribute thereon. Exclusive of this sum, the total amount to be raised and expended for the purposes specified in Section 25 will be Rs 25,646-4-6, while the funds at the disposal of the Commissioners will amount to Rupees 29,611-9-1 1/2 or more than Rs 4,000 in excess of actual requirements. There is moreover nothing to show whether any, and if so, what balance stands to the credit of the Commissioners from the last year's accounts.

The Magistrate will submit estimates revised in accordance with the instructions contained in this Order and with reference to actual requirements as regards expenditure for the purposes

penditure for the half year,
and a list of the persons

The revised estimate
shows the charges for the present
year as less by No. 293 than

This estimate will be for-
warded for the remarks
