Proceedings of the Madras ^{Public} Collector

Recd letter from the ~~Agent~~ ^{Agent} in charge of North Arcot. 27 June 1867. No. 39.

Encs the following letter from the President of the Municipal Commission, Wallajahpett: dated Chittoor 29th June 1867. No. 48

Order Return. 18 July 1867 No. 850.

The Government are totally unable to understand the statement of actual receipts and expenditure submitted with the ^{second of the} foregoing letters.

The amount hitherto raised and expended during the past half year was fixed at Rs 4344, of which sum the Government was to contribute a sum equal to 25 per cent. or Rs 1086, the Commissioners contributing a proportionate amount or Rs 3258.

2. It appears however that the total amount actually raised is only Rs 1318.12.6 of which sum the whole of the Government contribution, Rs 1086 has been paid up in full. The Commissioners having on their part contributed Rs 232.12.6 only - Rs 1268.8.4 only have been expended leaving a balance of 50 odd Rs.

3. The Police charges for the half year, amount to Rs 1200.

or more than the whole amount which, as far as appears from the statement, has been expended, nor is there anything to show how the Police expenditure has been met.

4. Until explanation on these points has been afforded the Government are unable to pass any financial orders on the subject, but it is evident that the Act now contemplated that the Government should contribute more than a sum equal to 25 percent of the amount actually raised & expended of the Commissioners.
5. Orders will shortly be issued providing against the possibility of a recurrence of such a state of things as that now disclosed, and protecting the interests of Government.
6. No means appear to have been had in view of rates on houses, or of a tax on arts and professions, as proposed in the Assistant's letter of the 12th July 1866 No. 107, which proposals were generally approved by Government, while it appears that the whole of the trifling sum

R. 12759.
3877.12

raised of the Commission was realized by taxes and registration of carts, the former of which source of taxation was specially depreciated by Mr. Price, while the latter was not even mentioned.

- and clearly
7. The President will report fully on the various points above noted at the earliest convenience.
8. During the current year it is proposed to raise and expend a total amount of Rs 15,511 of which sum the Government will contribute a sum equal to 25 percent on the whole amount, provided that the Commissioners raise the remaining three-fourths or Rs 11,633.4.
- The Commissioners propose to raise themselves, Rs 12,759, which sum with the Government contribution, which, as above stated, is calculated on the total expenditure and not on the amount the raised of the Commissioners only, will place Rs 16,636.12 at the disposal of the Commissioners.
9. The large increase in expenditure is due almost entirely to the

largely increased expenditure
which it is proposed to incur on
conservancy, purposes proper. The
estimated charges under this head
are Rs 9313 against Rs 4312
last year.

10. It is proposed that recourse during
the present year to a Rate on
Lands, a Tax on Cattle and Pro-
fessions, Tolls, Registration of Courts,
Taxes on animals and Vehicles,
within the Municipal limits, and
fees for various licenses.

11. The Government will be prepared
to sanction these proposals ^{as soon} ~~as soon~~
when they are in receipt of the
Explanation now called for with
regard to the actual receipts &
expenditure, on the distinct
understanding that the Govt
contribution shall not exceed
a sum ^{equal to} ~~greater than~~ one fourth
of the whole amount actually
raised & expended by the
Commissioners.
