No. 223. • Read the following letter from the Collector of Bellary, to the Acting Chief Secretary to Government, Fort Saint George; dated Bellary, 8th July 1867, No. 33.

As requested in paragraph 3 of G. O., dated 6th June 1867, No. 627, I have the honor to annex a Memorandum showing the amount of the subscriptions to the Bellary Dispensary, which have remained unpaid by the subscribers.

2. The institution was in a very languishing state, as to support by local effort in 1863, when I brought the matter before a meeting of the chief Native inhabitants. A large additional support was then promised, and has been partly given; still there appears an outstanding balance of Rupees 4138 of an amount promised of Rupees 10,688-4-0.

3. I have, by the appointment of a large Native Committee of Management, induced a greater interest to be taken in the welfare of the institution, and I trust that the force of public opinion will be more influential in future, in the regular support of the Dispensary. I would beg to observe, that my reference to Government was made against my own opinion, but in accordance with a repeated request by the local Committee for legislation on the subject.

4. They probably thought, when referring to the Educational Act, that there was a more complete majority in the case of actual subscribers to an hospital, than in the local majority who desired to have a school, and whose wish binds the indifferent minority.

STATEMENT showing the amount of subscription and donation, the amount collected, and the balance remaining unpaid of the Civil Dispensary of Bellary from July 1863, when the self-support of the Dispensary commenced up to 30th June 1867.
