Dated	5-8-	1967

Not to be folded or roughly handled

26-10-36

*Proceedings of the Madras Government, Public Department,
5th August 1867.*

No. 19. Read the following letter from the Municipal Commissioners for the Town of Madras, to the Acting Chief Secretary to Government, Fort Saint George; dated Madras, 25th July 1867. .

No. 17. Inspector General of Ordnance and Magazines, to Secretary to Government, Military Department, 1st June 1867, No. 40.
From Colonel Rowlandson, Superintendent, Gun Powder Manufactory, to the Municipal Commissioners, dated Madras, 29th May 1867.
Reply thereto, 21st of May.
Letter from President, Municipal Commission, to Colonel ROWLANDSON, 22nd May 1867.
Reply thereto, 29th May.
From Colonel ROWLANDSON, to Municipal Commissioners, 29th May.
Reply thereto, 31st May.
No. 18. From the Acting Collector, Madras District, to the Chief Secretary to Government, dated Sydapet, 24th June 1867, No. 124.

With reference to the correspondence marginally noted, and Order of Government thereon, we would beg to submit that this order has apparently been drafted under a misconception of the real facts of the case, and on an erroneous view of it, as taken by the Acting Collector of the Madras District in his letter to Government under date the 24th of June 1867, No. 124.

2. The land stated by him to have been made over to the Municipal Commissioners in 1863 and 1864 must have been some other land, for that in question on which the new Rubbish Depôt was commenced never was made over to the Municipality by the Deputy Collector, nor was it marked in the plan furnished by him showing the grazing land.

No. 19. Order thereon, 2nd July 1867, No. 766.

3. The accompanying copy of a letter will show that the land is the property of certain Merassidars, with whom we had to deal before making use of it as a Rubbish Depôt.

4th April 1867.

4. With reference to paragraph 3 of the order, we would beg to observe that previous to making use of the spot, we conferred with the Sanitary Commissioner, letters as per margin, who informed us there was no objection to the site.

From Municipal Commissioners, to the Honorable R. S. ELLIS, C. B., Sanitary Commissioner, 22nd March 1867.
From Surgeon H. B. MONTGOMERY, Secretary to Sanitary Commissioner, 22nd of March 1867.

5. We, therefore, submit that the censure conveyed to the Board in this paragraph should be shared equally with the Sanitary Commissioner, for had he told us the site was objectionable, endeavours would have been made to find another.

6. With reference to paragraph 4, on receipt of the order the Depôt was discontinued, and the whole of the rubbish and sweepings of No. 2 District has to be conveyed to the Perambore Depôt, Brick-kiln Road, with the exception of a small quantity to Kistnampett.

7. Should this land be, as stated by the Acting Collector, Government land, then a very large quantity of clay has been removed from it illegally, as on a representation from Captain Goddard that the road would be injured in consequence of the removal of clay so near the sides, the Municipal Commissioners directed inquiry to be made, but no action could be taken as the land belonged to the Merassidars.

*Proceedings of the Madras Government, Public Department,
5th August 1867.*

From SUNDRASAGARA MOODELLY and 4 other Merassidars of Veysurpaudy, to the Municipal Commissioners for the Town of Madras; dated Madras, 4th April 1867.

We beg to address these few lines to you in connection with our Merassee lands situated between the Powder Mills and the Railway. Your Inspector, Mr. Wheeler, tells us that an application being made, the Commissioners will have the said land levelled down. In case of your being inclined to do so, we beg to inform you that we do not hold ourselves liable to bear the expenses of the undertaking, and that we will not contribute any amount towards the outlay. Further, we beg to state, that any benefit that may accrue after the works have been completed will belong to us of right, and will be enjoyed solely and entirely by us.

2. In case of your being disposed to accept these conditions, we request you will commence the work at once.
3. We request that your reply may be sent to us by the bearer Cavaty Rajoo Moodelly.

In Board, 11th April 1867.

The Board will avail themselves of this offer, on the understanding that whenever the Merassidars wish to resume possession of the land, they will be permitted to do so.

From the Municipal Commissioners for the Town of Madras, to the Honorable R. S. ELLIS, C. B., Sanitary Commissioner; dated Madras, 22nd March 1867.

The Rubbish Depôts at the back of Burghall's stables, and on the west of Brick-kiln Road, Parsewaukum, being full, and our President's proposal to bury rubbish in the People's Park not having met your approval, we have the honor to request you will inform us whether you see any objection to our establishing a Depôt on an open plain between the Canal and Powder Mills, where the ground is very low, and of no use for cultivation.

2. We are most anxious to clean out the Choolay main drain, which you are aware is choked up, but until we have some place to bury the deposit in we cannot do so, and therefore solicit an early reply to this.

From Surgeon H. B. MONTGOMERY, M. D., Secretary to Sanitary Commissioner for Madras, to the Municipal Commissioners for the Town of Madras; dated Madras, 22nd March 1867, No. 629.

With reference to your communication dated this day, I am directed by the Sanitary Commissioner to inform you that he has no objection to make to the proposal therein contained, as to the disposal of the town rubbish, &c., on the open plain between the Canal and Powder Mills.

In Board, 28th March 1867.

Resolution.—The Sanitary Inspector, 2nd District, will ascertain whether the owners of the ground in question are willing to have it raised as proposed, and also select a fresh site for a Depôt in lieu of that at Burghall's.

No. 20.

ORDER THEREON, 5th August 1867, No. 948.

To be recorded.
(True Extract).

R. S. ELLIS,
Acting Chief Secretary.

Ed. J. Tulloch.

*Municipal Commission Office
Madras 22^d March 1867*

To: The Honorable R. S. Ellis C.B.

Sanitary Commissioner

Sir: The rubbish depôts at the back of Burghall's Stables and on the west of Brick-kiln Road Parsewaukum being full, and our President's proposal to bury rubbish in the People's Park not having met your approval we have the honor to request you will inform us whether you see any objection to our establishing a Depôt on an open plain between the Canal and Powder Mills, where the ground is very low and of no use for cultivation.

We are most anxious to clean out the Choolay Main Drain, which you are aware is choked up but until we have some place to bury the deposit in, we cannot do so, and therefore solicit an early reply to this.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the
Municipal Commissioners for the town of Madras.

Dated 25th July 1869.

Order thereon 5th August 1869 No. 948.

The Government observe
that the question regarding
the use of the ground near
the Gun Powder Manufactory,
as a rubbish depot was
finally disposed of in their
order dated 2nd July 1869 No.
966, by which the Commis-
sioners were directed to desist
from using that part of
the western esplanade
as a deposit for night soil
and sewage.

2. In para 3 of this
order

- then also by the steam
train to the Pondicherry
cause to be used as a
rubbish depot.

very well

order the Commissioners were informed that they should have consulted the Superintendent of the Gun Powder Manufactory before making use of the neighbourhood of the factory for a purpose so likely to prove a nuisance.

3. The Government fail to see with what object they have again been intruded on this subject. The attention of the President of the Municipal Commission is directed to the Government Order dated 23rd July 1867, 1884, para 4, and to the utility of copies of Minutes and correspondence being forwarded with his letter when the purport of these documents could be stated in a few lines.

4. The Government observe that the mere claim raised by the Mirasidars to the proposed site for a rubbish

rubbish depot, is no evidence of proprietary right in the land although this claim would seem to have been admitted by the Municipal Commissioners without any question. The Acting Collector ^{of Madras} has reported the land to form a portion of the western esplanade.
