Copy to Vice Pres.
Ellore Municipality with
request that he will
send 180 rupees.
to Mr. George

A letter, in original,
from Mr. Sykes Wright
who assisted the ac-
counts of the Ellore
Municipality.

Subscribed
Dated 15/7/68

*Proceedings of the Madras Government, Public Department,
26th August 1868.*

No. 204. Read the following letter from the President of the Municipal Commission, Ellore, to the Chief Secretary to Government, Fort Saint George ; dated Rajahmundry, 15th July 1868, No. 228.

I have the honor to submit, herewith, copy of a report on the working of the Towns' Improvement Act, X of 1865 in the Ellore Municipality during the year ending 30th April 1868, together with copies of statements, A, B, and C, as well as that of a statement of receipts and disbursements from the Superintendent of Police.

2. I also beg to enclose a letter, in original, from Mr. Sykes Wright, who has audited the accounts of the Municipality.

From the Vice-President, to the President of the Municipal Commission, Ellore ; dated Ellore, 27th June 1868, No. 70.

I have the honor to report on the working of the Towns' Improvement Act in Ellore during the year ending on the 30th April 1868.

2. The Commissioners met thirty times and transacted business. The number of appeals disposed of by them was forty-five from holders of houses and lands, and 167 from persons practising professions. They had to supervise the classification of professions and the valuation of houses, &c., besides attending to schemes for the conservancy and improvement of the town.

3. The enclosed are the statements of receipts and disbursements, prepared in accordance with the Proceedings of Government, No. 820, dated 11th July 1867. The amount of receipts sanctioned by Government, including the balance of the last year, is Rupees 13,106, and that collected is Rupees 12,597-7-8. The whole of this sum was expended.

4. Five new latrines were erected during the year, making eleven in all now in use.

5. The making of roads was proceeded with as far as the funds available would allow. The soil is a loose brittle clay, and makes a very bad foundation, and the only gravel procurable is of poor quality, and has to be brought down the canal from Badampudy, a distance of 26 miles. That portion of Trunk Road No. VI which passes through the bazaar and the other principal streets is still in the same disgraceful state of disrepair. The traffic on it is very large. In the hot weather, the dust is insufferable ; and in the rains, the mud, or rather slime, is a foot deep.

26th August 1868.

A.
