N^o 391 - 26.
March 1868.

I have the honour to
report upon a petition pre-
sented by certain Bazasmen
of Trichinopoly, and forwarded
with the order of Government
as per margin.

2. The only ground upon
which objection is taken to
the proposed new market
appears to be that the Petitioners
apprehend a diminution in the
sale of their commodities, as
should the crowd which now
completely

completely blocks up the Street ^{*Mailan Shundai}
- doing duty as a market - leave ^{"Dirty Market"}
this crowded Street and resort
to the new market -

3. The Petition is signed
principally by owners of Bazaars
in Mailan Shundai, who view
their individual interests as
paramount to the convenience &
comfort not only of the Public
in general, but also of those Ven-
dors who, too poor to construct
Bazaars for themselves, occupy
little temporary stalls about
the Street, and are exposed to the
inclemency of all weathers. This
latter class are naturally very
much in favor of a market
well sheltered and conserved, and
there form a large majority of
the persons who sell in the

4. ~~The~~ site of the proposed
New Market is only about 50
yards from the buildings be-
longing to the Petitioners.

They will therefore scarcely be
affected to the extent they
apprehend, for the Commission
never contemplated either re-
moving or closing any of the
existing Pakha Bazaars in
Mailan Shundai, nor have
any orders been issued to that
effect, as the Petitioners lead
the Government to infer. - One
of the principal objects gained
by the New Market, will
be the keeping separate the
different descriptions of articles
of Consumption - for instance,
Fish and Meat & live Stock
will not as now, be sold in
close proximity to grain and
vegetables -

5. I have only to say in
~~conclusion~~ ~~that the Commis-~~
sioners have not the slightest
intention of compelling any
one to use the New Market.
They simply consider that
the present market is a dis-
grace to a Town like Trichinopoly
and

and having a proper regard
for the health, comfort, and
convenience of the Public, the
Commissioners desire to prevent
the sale of perishable articles
of consumption in the open street.
And it is the vendors of such
perishable articles who will
form the nucleus of a future
market to which in time all
vendors will resort; for experience
will shew that it is decidedly
their advantage to do so—

I have the honour to be,
Sir,
Your most obedient servant

 Dear Sir:

They will, therefore, scarcely be affected to the extent they apprehend; for the Commissioners never contemplated either removing or closing any of the existing puckah bazaars in Mailan Shundai, nor have any orders been issued to that effect, as the petitioners lead the Government to infer.

One of the principal objects gained by the new market will be the keeping separate the different descriptions of articles of consumption ; for instance, fish and meat and live stock will not, as now, be sold in close proximity to grain and vegetables.

5. I have only to say in conclusion that the Commissioners have not the slightest intention of compelling any one to use the new market. They simply consider that the present market is a disgrace to a town like Trichinopoly ; and having a proper regard for the health, comfort, and convenience of the public, the Commissioners desire to prevent the sale of perishable articles of consumption in the open street ; and it is the vendors of such perishable articles who will form the nucleus of a future market to which in time all vendors will resort, for experience will show that it is decidedly their advantage to do so.

No. 212. From C. T. LONGLEY, Esq., President of the Municipal Commission, Trichinopoly, to the Chief Secretary to Government, Fort Saint George ; dated Trichinopoly, 28th July 1868, No. 40.

I have the honor to request early orders on my communication, No. 2, dated 21st January 1868, applying, on behalf of the Trichinopoly Municipality, for a loan for the construction of a market within the town. I have already solicited your attention on this subject in my letter, No. 17, dated 30th March 1868.

From C. T. LONGLEY, Esq., President of the Municipal Commission, Trichinopoly, to the Chief Secretary to Government, Fort Saint George ; dated Trichinopoly, 30th March 1868, No. 17.

I have the honor to request that early orders may be passed on my communication dated 21st January last, No. 2, applying, on behalf of the Trichinopoly Municipality, for a loan for the construction of a market within the town.

No. 213. ORDER THEREON, 26th August 1868, No. 1050.

The President of the Trichinopoly Municipality furnishes in the first of the letters above recorded the information called for in G. O., dated the 26th March last, No. 391. He states that the Commissioners intend to offer as security for the loan of Rupees 10,000, which they propose to raise for the erection of a market at Trichinopoly, the rates on houses, buildings and lands, levied under the provisions of Section 37 of Act X of 1865. The loan is to be obtained from the Bank of Madras at 9 per cent. per annum, and to be repaid in two years. It is expected that the receipts from the new market will be sufficient to cover the interest to be paid from Municipal Funds.

2. In his letter of the 11th May last, No. 28, Mr. Longley reports on the petition referred to in paragraph 4 of the Order above alluded to, praying against the establishment of the new market. The petition, he remarks, is signed principally by owners of bazaars in Mailan Shundai, who view their individual interests as paramount to the convenience and comfort not only of the public in general but also of those vendors who are too poor to construct shops for themselves and occupy temporary stalls about the streets. The site of the new market, Mr. Longley adds, is about 50 yards from the shops belonging to the petitioners, and they will hardly be affected to the extent they apprehend. The Commissioners never contemplated, either removing or closing any of the existing puckah shops in Mailan Shundai.

*Proceedings of the Madras Government, Public Department,
26th August 1868.*

3. From the Proceedings of the Military Department, dated the 30th April last, it is observed that His Excellency the Commander-in-Chief has no objection to the land required for the new market being used for the purpose, as it is not situated within the Military limits of the Cantonment of Trichinopoly.

4. Under these circumstances, the Governor in Council resolves to accord his sanction to the proposal of the Municipal Commissioners for the Town of Trichinopoly to raise a loan of Rupees 10,000, bearing interest at 9 per cent. per annum, on the security of the rate on houses, buildings, and lands. The debenture to be issued should be in conformity with the form given in Schedule F. annexed to the Towns' Improvement Act.

5. Shunmogum Pillay and the other persons who signed the petition adverted to in paragraph 2 of these Proceedings will be informed that the Government see no reason for interference in the arrangements proposed to be made by the Municipal Commissioners of Trichinopoly for the erection of a new market.
