Proceedings of the Madras Government, Public Department,
31st August 1868.

No. 242. Read the following letter from the President of the Municipal Commission, Nellore, to the Chief Secretary to Government, Fort Saint George; dated Nellore, 21st July 1868, No. 2268.

As Government, in their Proceedings dated 2nd July 1868, No. 775, Public Department, have ruled that Municipalities must either adopt the tax on trades and professions without exempting those persons who are taxed under the imperial license tax, or else abandon the tax altogether, and this in consequence of doubts having been raised as to the legality of the partial imposition and collection of the tax, I have the honor to inform you that, at a meeting held on 13th July, the Commissioners of the Municipality of Nellore resolved that the levy of two trade taxes, the one for imperial and the other for local purposes, is inadvisable, and that a land rate at 5 per cent. is as high as can be imposed without hardship; they, therefore, decided to abandon the trade and profession tax, and to reduce the proposed expenditure of the current year to meet the loss of revenue.

2. I have, therefore, the honor to submit now, for the sanction of Government, amended estimates of receipts and expenditure, to be substituted for those which accompanied my letter, No. 1898, dated 20th June 1868.
