Read the following papers :—

No. 252. From the President of the Municipal Commissions, Tanjore District, to the Chief Secretary to Government, Fort Saint George ; dated Mayaveram, 7th March 1868, No. 42.

As directed in Government Order, dated 11th July 1867, No. 820, I have the honor to submit, for the sanction of Government, statements, in the prescribed form, showing the expenditure which it is proposed by the Commissioners to incur during the year commencing on the 1st of May next and the estimated receipts for the same period for each of the five Municipalities of this District.

2. The detailed estimate submitted by the Superintendent of Police under Section 30 of the Act, as also a list of the names of the persons whom it is proposed to appoint as Commissioners for the several Municipalities in question (Section 6), together with the Memorandum showing all the sources from which the Commissioners propose to raise funds, and which require the sanction of Government, are also herewith enclosed.

3. Every care has been taken this year in the preparation of the estimates above alluded to, special attention having been paid to the instructions contained in paragraph 8 of Government Order, dated 31st January, No. 1629, regarding the item of expenditure allotted for office establishment, which has been reduced as far as practicable and consistent with the efficient working of the establishment.

4. In Mayaveram an additional mode of taxation, viz., tolls, has been proposed to be levied in the coming year, and hence Rupees 70 per mensem, or Rupees 840 per annum, are entered for the salary of Toll Collectors. This item is omitted in the case of the other Municipalities, in consequence of the toll gates in each having been farmed out ; and hence the apparent comparatively larger amount entered on account of establishment in the estimate of the Mayaveram Municipality.

5. From the above estimates of receipts and charges, it will appear that the total amounts which the Government have under Section 27 to declare should be raised and expended during the year ending 30th April 1869, are in

Tanjore, Rupees 60,000, of which sum 25 per cent., or Rupees 15,000, have to be contributed by Government to the Municipal Fund.

Combaconum, Rupees 40,280, of which sum 25 per cent., or Rupees 10,070, have to be contributed by Government to the Municipal Fund.

Negapatam, Rupees 46,000, of which sum 25 per cent., or Rupees 11,500, have to be contributed by Government to the Municipal Fund.

Munnargoody, Rupees 17,600, of which sum 25 per cent., or Rupees 4,400, have to be contributed by Government to the Municipal Fund.

Mayaveram, Rupees 21,333-5-4, of which sum 25 per cent., or Rupees 5,333-5-4, have to be contributed by Government to the Municipal Fund.

6. I beg also, under Section 4, to bring to the notice of Government that the Commissioners have determined to extend slightly the limits of the Municipalities of Mayaveram and Negapatam, so as to include the whole of Trivalandur in the one case, and the tank situated near the Pootoor Road (called the Akkaraikolam), and a

No. 253. From the President of the Municipal Commissions, Tanjore District, to the Chief Secretary to Government, Fort Saint George; dated Point Calimere, 18th July 1868, No. 135.

With reference to the Proceedings of Government, (Public Department), dated 26th June 1868, No. 775, I have the honor to state that the Commissioners of the towns noted in the margin are unanimously of opinion that the tax on arts, professions, trades, and callings, under Sections 45 to 49 of the Towns' Improvement Act X of 1865, Madras, should be levied in their respective Municipalities for the year ending on the 30th April 1869.

2. I have, therefore, to request that the Government will be pleased to sanction at an early date the original estimates of receipts and charges and Memoranda of taxes for these towns, submitted with my letter, dated 7th March 1868, No. 42.

3. From the above estimates, it will appear that the total amount which the Government have to declare should be levied and expended during the year 1868-69 are—

For Tanjore, Rupees 60,000, of which Rupees 15,000 have to be contributed by Government.

For Mayaveram, Rupees 21,333-5-4, of which Rupees 5,333-5-4 have to be contributed by Government.

For Munnargoody, Rupees 17,600, of which Rupees 4,400 have to be contributed by Government.

4. I have further to request that the Governor in Council will be pleased to appoint the persons named in the lists, also forwarded with my letter dated 7th March 1868, No. 42, as Commissioners for the towns of Tanjore, Mayaveram and Munnargoody, respectively.

5. I beg to add that the tax on arts, &c., is not going to be levied in Combacum this year, as there is a good deal of last year's money still unspent. I beg,

therefore, that the estimates forwarded with my letter, dated 23rd May 1868, No. 85, may be sanctioned, and that the list of Commissioners forwarded therewith may be published in the *Fort Saint George Gazette* as soon as practicable.

No. 254. ORDER THEREON, 31st August 1868, No. 1078.

In the second of the letters above recorded, the President of the Municipalities, in the District of Tanjore requests that the sanction of Government may be accorded to the estimates of receipts and disbursements in the Municipalities of Tanjore, Mayaveram, and Munnargoody, for the year ending 30th April 1869, which were submitted with his letter of the 7th March last, No. 42, instead of the revised estimates submitted with his letters dated the 25th and 27th June last, Nos. 114, 115, and 116.

2. The total amount to be expended in the Tanjore Municipality is Rupees 60,000. To cover this, it is proposed to raise Rupees 45,000,* which, with the Government contribution of Rupees 15,000, makes up the amount required for expenditure.

3. Under the head of "Conservancy", Rupees 1300 are entered for "lighting of streets as an experiment"; but, as this is not one of the purposes indicated in Section 25 of Act X of 1865, the charge should be brought under the head of works "other than those specified" in the

Section adverted to. On this correction being made, the amount to be expended, and on which the Government contribution should be calculated, will be reduced to Rupees 58,700,† and the contribution itself to Rupees 14,675, while the aggregate receipts‡ will be diminished by Rupees 325.

4. No particulars are given of the miscellaneous charges (Rupees 1000-5-11). To equalize the expenditure with the receipts, however, it is suggested that Rupees 325 be struck out from the charges in question. The estimates will then stand as follows:—

Expenditure...	59,675

5. In Mayaveram the Commissioners propose to expend on new works, repairs, conservancy, &c., Rupees 21,533-5-4. In this is included a sum of Rupees 310 for Lanterns... Rupees 20
Charges for oil... 240 and

These charges should be placed under the head of "purposes other than those specified in Section 25." The cost of the Police should also be reduced by Rupees 456, as

by the arrangement sanctioned in separate Proceedings, the Municipality is to be charged with the salary of a 6th*, instead of that of a 4th† Class Inspector of Police. Deducting these items from the expenditure particularized in Statement B, the result will be as follows:—

6. To meet this it is proposed to raise Rupees 16,000, which, with the balance from last year (Rupees 200), and the Government contribution (Rupees 5,191-13-4), makes up Rupees 21,391-13-4, or Rupees 314-8-0 in excess of the amount required.

7. It appears from estimates of the *Munnargoody* Municipality that Rupees 17,430-10-0 are to be expended on new works, repairs, conservancy, Police, and establishment, and Rupees 169-6-0 for purposes other than those specified in Section 25 of the Towns' Improvement Act. In the sum of Rupees 17,430-10-0, are included the charges for "lighting the town" (Rupees 1800). The lighting of the town is not provided for in Section 25, and the charges proposed should, therefore, appear under the head of "purposes other than those specified" in that Section. No particulars are given of the sundry charges amounting to Rupees 169-6-0.

8. The total receipts are entered at Rupees 17,600, viz., from tax on arts and professions, &c., Rupees 6000; tolls, Rupees 7000; fees for licenses, Rupees 50; road cess and rubbish, Rupees 150; and the Government contribution, Rupees 4400. As this latter item will be reduced by Rupees 492-5-6, by excluding the sum of Rupees 1800 for lighting from the outlay of Rupees 17,430-10-0, the aggregate receipts will be Rupees 17,107-10-6, or Rupees 492-5-6 less than the proposed expenditure. It is observed that the principal source of revenue is from tolls, and that no rate is to be levied on houses, &c., nor fees imposed for the registration of carts. In order to equalize the expenditure with the receipts, it is suggested

Sir

With reference to the
Proceedings of Government dated 6 May
and 2^d June 1868, Nos 552 and 676 res-
pectively, I have the honor to submit,
for the sanction of Government, revised
Estimates showing the amount which
it is proposed to be raised and
expended in the Town of Mayavaram,
during the year ending on the 30 April 1869,
for the purposes specified in Section 25
of Act X of 1865, (Madras)

2

In preparing the Estimates
for the current year, the Commissioners
have found it necessary to reduce

the

the Police Establishment, which has
 been done in Consultation with the
 Deputy Inspector General and
 Superintendent of Police. The entire
 Cost of the Police for the year as
~~stated~~ Govt order dated 11 July
 1867 amounted to Rupees 6572, which
 is nearly $\frac{1}{3}$ of the Probable Collections
 of the year 1868/69; and nearly twice
 as much as the Govt Contribution for
 that year. A Statement received
 from Major Swanton, showing the
~~Strength of the Police Force~~
 the aggregate Cost of which including
 Contingencies amounts to Rupees 4572,
 per annum, is herewith forwarded.
 As a comparatively small place like
 Mayavaram, this will be ample for
 all purposes.

3. The Commissioners have
 likewise proposed to reduce the
 expenditure on account of Supervision
 and Management to a Considerable

Extent

Extent and to devote the greater part
 of their available resources on new
 works and repairs and for purposes
 of Conservancy.

4. A list showing the names
 of persons whom it is proposed to
 appoint as Commissioners for this
 Town for 1868/69, as also a Memo
 showing the sources from which the
 Commissioners propose to raise Funds
 for that year ^{are} ~~is~~ herewith forwarded.
