instant on letter of the Cholera Committee, marginally noted, it is with much regret I remark the omission of any expression by the Committee of their sense of the able manner in which Dr. Montgomery performed the duties of Secretary to the Committee, which he voluntarily undertook in addition to those of his own office.

2. I would now respectfully beg permission as President, and on behalf of the other Members of the Committee, to bring prominently to the notice of Government that we feel greatly indebted to him for the zeal and ability with which he assisted us, and that we consider that much of the value of the document is due to his exertions in arranging and condensing the voluminous returns furnished to us by the several Medical Officers and Collectors of Districts, and which are included in our Report.

No. 11. ORDER THEREON, 2nd December 1868, No. 1479.

In the foregoing letter, the President of the Cholera Committee expresses his regret for the omission of any expression by the Committee in their Report of their sense of the able manner in which Dr. Montgomery performed the duties of Secretary to the Committee, and brings to notice that the Committee feel greatly indebted to him for the zeal and ability with which he assisted them.

2. The Government learn with much satisfaction that the services of Dr. Montgomery have been so highly appreciated by the Committee, and they resolve to record their sense of the valuable aid afforded by him in co-operating with the gentlemen who were entrusted with a very important and laborious investigation.
