No. 41. Read the following letter from Major H. DIXON, 22nd Regiment, N. I., Bangalore, to the Chief Secretary to Government, Fort Saint George ; dated Bangalore, 21st January 1868.

With reference to the late order of the Governor General of India, regarding photographs of works of Art, &c., &c., I beg to bring to the notice of Government that, during the last week, I went to Conjeveram and took ten photographs (five 15-in. by 12, and five 12 by 10) of the two celebrated temples, and adjacent tanks and buildings. I believe these temples have never been photographed on glass before, and as the subjects are very fine I trust I may meet with the patronage of Government under the orders alluded to in the commencement of this note. The cost of the set of ten photographs will be 30 Rupees.

that photographs of
buildings are of little
use unless accompanied
by a ground plan

 may be as well to
 let photographer
 artists know, that
 some such plan must
 be made for all photographs
 of the building.

a man may be a good

 unable to prepare a
 simple ground plan.
 If Mr. Desjardins was au-
 thored to tell Desjardins
 what the latter has, it
 seems, come to Captain
 Dixon, that he will
 let Captain Lyon who
 is now at work somewhere
 in the South, have the aid
 of a subordinate of the

 of plans when Captain
 Lyon's work calls for such
 aid. But I see no harm

 whether, with reference to

 I could not accept
 Captain Dixon's offer. We are
 considerable expense of the
 employment of Captain Lyon
 what he will produce. My wife

I would not count
 the question of French
 plans in connection with
 the Lyon's photographs
 before. To prepare correct
 plans of half a dozen buildings
 might involve a great deal
 of labour and of disquieting
 photographs alone are certain
 valuable and other matters of
 design. Some simple sketches
 of dimensions in figures had
