G.O. No. 1528 Press / Mis.

Dated 11-12- 19 1868

***Not to be folded or roughly handled***

PUBLIC DEPARTMENT.

No. 1523.

FROM

THE HONORABLE R. S. ELLIS, C. B.,
*Chief Secretary to the Government of Fort Saint George,*

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to acknowledge the receipt of a copy of the Financial Resolution of the Government of India with Mr. Under Secretary Geoghegan's endorsement thereon of the 26th August last, No. 3482, calling for a report on the point raised in paragraph 7 of that Resolution, viz., whether the Dresser attached to the Establishment of the Head Assistant Collector at Tuticorin may not be discontinued, now that Dr. Reid's services are available for medical aid to that Establishment. In forwarding, in reply, the accompanying copy of a letter on the subject from the Inspector General, Indian Medical Department, I am to state that this Government is of opinion that the Dresser in question must be retained to afford medical assistance to the Head Assistant, who has an extensive charge over which he is required to make frequent circuits during the year.

I have the honor to be,
Sir,
Your most obedient Servant,

FORT SAINT GEORGE,
11*th December* 1868.

*Chief Secretary.*

---

From the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 5th December 1868, No. 388.

In returning the enclosed "Resolution of the Governor General in Council," which was referred to me under your docket of the 16th September 1868, for report, in communication with the Board of Revenue, on paragraph 7, I have the honor to state that the Secretary to the Board, in a letter just received, reports that the Head Assistant Collector of Tinnevelly has frequently to be on circuit; that portions of his range are at a great distance from medical aid, and at times unhealthy; and that the Board are of opinion that it is highly desirable a Medical Subordinate should be available to accompany him on circuit, which the practitioner stationed at Tuticorin, of course, cannot do.

2. Under these circumstances, I am of opinion that the services of the Dresser, who has always hitherto been attached to the Head Assistant Collector's Establishment, are still necessary.

Exd. J. Wright,
