*Proceedings of the Madras Government, Public Department,
19th February 1868.*

No. 126. Read the following letter from the Collector of the Godavery District, to the Chief Secretary to Government, Fort Saint George; dated Kotipilly, 31st January 1868, No. 3.

With reference to the Order of Government, dated 9th October 1867, No. 1245, I have the honor to report that the Executive Engineer, in charge No. 1 Range, informed me that the repairs of the Apothecary's quarters at Cocanada have been completed, and requested me to direct the Dispensary Committee to take charge of the building.

2. At my request, two of the Members of the Committee inspected the repairs executed, and found a deficiency of certain articles, which I pointed out to the Executive Engineer.

3. The Dispensary Committee have declined to receive charge of the building without a fence being erected round the compound of the quarters in question. Having considered it to be absolutely necessary, as donkeys and stray cattle enter into the verandah and make a mess of it, I requested the Executive Engineer to prepare an estimate for a compound wall in burnt bricks with clay and plastered with chunam, which he did, and the cost is Rupees 450.

4. The plan and estimate will be forwarded by the Superintending Engineer with his countersignature attached. I request that the Government will be pleased to grant sanction for the above work.

No. 127. ORDER THEREON, 19th February 1868, No. 203.

The Governor in Council declines to sanction an expenditure of Rupees 450, for enclosing the Apothecary's quarters at Cocanada with a wall. It will be sufficient that the ground on which this building stands should be surrounded with a quick growing hedge.

2. Should the Dispensary Committee persist in their refusal to take charge of the building, the Apothecary will, as before, be required to pay a moderate rent for the use of these quarters.
