Proceedings of the Madras Government, Public Department,

21st February 1868.

No. 156. Read the following letter from J. FRASER, Esq., Collector of the Godavery District, to the Chief Secretary to Government, Fort Saint George; dated Amalapur, 21st January 1868, No. 2.

I have the honor to inform you that I have received from Mr. Doig copy of his annual report on the Civil Dispensary at Cocanada.

2. In accordance with the instructions contained in the marginally noted Order of Government, I have the honor to state that, in my opinion, the establishment has been well and carefully and

No. 353, 5th April 1867.

economically managed by Mr. Doig since he assumed charge of it. The report does not show a very large number of in or out-patients; but all the Natives in the vicinity are well aware of the existence of the Hospital, and resort to it readily when they require medical treatment. Its principal supporter is the Zemindar of Pittapur, who contributes for this purpose 40 Rupees a month; other wealthy Native inhabitants of the District, though often appealed to, contribute a mere nothing.

No. 157. ORDER THEREON, 21st February 1868, No. 222.

The Governor in Council considers the report above recorded on the management of the Cocanada Dispensary satisfactory. It is, however, much to be regretted that, with the exception of the liberal aid given by the Zemindar of Pittapur, the institution receives so little support from the Native community.

2. From the extract from the report of the Deputy Inspector General, J. E. Mayer, dated 29th October 1866, it appears that certain suggestions, for the improvement of the Dispensary were made by him to the Collector.

3. Mr. Fraser will report what action he has taken on these suggestions, and how far they have been carried into effect.

(True Extract).

Chief Secretary.

To the Collector of the Godavery District.
