at present, but this arises more from
paucity of expenditure than from
increased liberality in donations.
A special fund is being raised
for enlarging the Dispensary rooms;
but it is a mistake to think that this is a
work which might be properly per-
formed at Government expense,

Sir,

I have the honor, adverting to
Government Order, N^o 358, of the 5th
April 1867, to state that the Dyesser
attached to the Lumbum Civil Dis-
pensary appears to have forwarded
to this Office the original, instead of
the copy of the annual report on the
Lumbum Civil Dispensary. I have
sent it on with this letter. Having
been absent from the District nearly
the whole of the year to which the report
adverts, I am unable to enter into details,
and will only remark that the Dispen-
sary is in as satisfactory a state as
can be, as far as the Dyessers respon-
sibility is concerned. He is greatly

erisen in a great measure from
 spiduous attention to his duties on
 the part of P. Paraduramulu, laidu,

*Proceedings of the Madras Government, Public Department,
7th March 1868.*

No. 50. Read the following letter from the Collector of Kurnool, to the Chief Secretary to Government, Fort Saint George ; dated Kurnool, 25th February 1868, No. 77.

Referring to Government Order, No. 358, dated 5th April 1867, I have the honor to forward the annual report submitted by the Dresser attached to the Cumbum Civil Dispensary, through the Head Assistant Collector.

2. Mr. Sharp reports that the Dispensary is in a highly satisfactory state, as far as the Dresser is concerned, and that certain improvements are necessary to render the institution more useful and acceptable to the Native community. I beg to send a copy of his letter on the subject.

—

From F. R. H. SHARP, Esq., Head Assistant Collector of Kurnool, to the Collector of Kurnool, dated Camp Chapalamadoogoo, 14th February 1868, No. 30.

I have the honor, adverting to Government Order, No. 358, of the 5th April 1867, to state that the Dresser attached to the Cumbum Civil Dispensary appears to have forwarded to this office the original, instead of the copy, of the annual report on the Cumbum Civil Dispensary. I therefore send it on with this letter. Having been absent from the District nearly the whole of the year to which the report adverts, I am unable to enter into details ; and will only remark that the Dispensary is in as satisfactory a state as can be, as far as the Dresser's responsibility is concerned. He is greatly in want of an enlarged private room, a compounding table, and almirahs for the preservation of his medicines from rats, &c.

2. The Dispensary has been most useful and acceptable to the Native community during the past unhealthy year. It is gratifying to perceive that the higher classes, such as Brahmins, Comaties, &c., are more and more appreciating the benefit of having at hand a scientifically trained Medical Officer, and scientifically prepared medicines.

3. The funds of the Civil Dispensary are in a satisfactory state at present, but this arises more from paucity of expenditure, than from increased liberality in donations. A special fund is being raised for enlarging the Dresser's room ; but it appears to me that this is a work which might be properly performed at Government expense, as the building which the Dresser now occupies is a Government one, forms part of the Police Hospital, and is used by the Dresser in his capacity as medical attendant on the Head Assistant Collector, the Police, and Government servants generally.

4. I am about, in a separate letter, to ask you to request Government to do what they have recently been pleased to do as regards Ongole, viz., to promise a contribution of Rupees 500, on condition that the inhabitants of Cumbum and the neighbourhood raise a like sum within a definite period of time. This sum, I propose, should be devoted to the erection and furnishing of a suitable house for the reception of in-patients. We have already a small thatched building erected out of the Civil Dispensary funds, twenty-two months ago, as a temporary Civil Hospital, but it is difficult to keep a mud built structure clean and in good repair, and the building is hardly large and airy enough for its purpose.

5. In conclusion, it is only right that I should observe that the increased disposition of the higher classes of the public to apply for aid at the Civil Dispensary has arisen, in a great measure, from assiduous attention to his duties on the part of P. Purseramooloo Naidu, the Dresser attached to the Cumbum Civil Dispensary.
