Proceedings of the Madras Government, Public Department,

9th March 1868.

No. 62. Read the following letter from the Collector of Salem, to the Chief Secretary to Government, Fort Saint George; dated Bodinaickenpett, 27th February 1868, No. 16.

In continuation of my letter of the 18th instant, No. 10, I have the honor to report that cholera has much abated at Salem. Since last writing, the deaths have amounted to 67; but within the last two or three days the daily number averaged three. As the present state of things does not require the services of the additional medical hands sent, I have this day ordered the return to Madras of the two Second Dressers, Nagappa Pillai and Vijeahragavalu Naidu, who arrived here twelve days ago. The two Medical Subordinates have exerted themselves much, done good work, and been very successful. They alone treated nearly 200 cases.

2. The sanitary measures adopted by the Municipal Commission for the thorough clearing of the town, as reported in my last letter, are still being carried out, and every endeavour is made to check the spread of the disease. Orders have been given for the white-washing of all the houses, and of instigating the owners of houses, where there has been cholera, to make a thorough cleaning inside.

No. 63. ORDER THEREON, 9th March 1868, No. 309.
Communicated to the Inspector General, Indian Medical Department.
(True Extract).

Secretary to Government.

To the Inspector General, Indian Medical Department.

From
C. H. Poehlein Esq
Collector of the

Salem
The Honorable R. J. Ellis C. B.
Chief Secretary to Gov
Boston

Sir
In continuation
of my letter of the 18th inst
No 10, I have the honor
to report that cholera
has much abated at
Salem. Since last reporting
the deaths have amounted
to 67, but within the last
2 or 3 days the daily number
averaged 3. At the present

State of things does not
require the services of
the additional medical
hands sent, I have this
day ordered the return
to Madras of the two second
Deens, Hajappillai
& Pongurajewala, who arrived
here 12 days ago.
The two medical subordinates
have exerted themselves much
during past week, and been
very successful. They ^{alone} treated
nearly 200 cases.

2. The sanitary measures
adopted by the Municipal
Commissioners for the thorough
cleaning of the Town as
reported in my last letter
are still being carried out
and every endeavour is
made to check the spread
of the disease. Orders have

been given for the whitewashing
of all the houses, and of
investigating the owners of
houses where there has been
cholera to make a thorough
cleaning inside.

I have this morning
just had the pleasure
of Mr. D. S. D. S.
C. S. S.
