No. 102. Read the following letter from the Acting Civil Judge of Chittoor, to the Chief Secretary to Government, Fort Saint George; dated Chittoor, 5th March 1868, No. 5.

In the absence of the Collector, I have the honor to report the shock of an earthquake here last night at 25 minutes past 9.

2. The shock noticed by every one seemed to travel from west to east, and resembled the rumble and vibration in a small London house when a carriage drives up the mews behind. The noise set in gently, became louder, and died away, lasting four or five seconds altogether. The windows of the house rattled, the glasses on the side-board, and the punkah covers to the candle-shades, jingled audibly. The servants below thought a carriage had driven up, and were rather perplexed to find it was not so.

3. It was moonlight; the air was still, and the sky without a cloud.
