Proceedings of the Madras Government, Public Department,

16th March 1868.

No. 112. Read the following letter from the Under Secretary to the Government of India, to the Chief Secretary to Government, Fort Saint George; dated Fort William, 22nd February 1868, No. 903.

Home Department.
Public.

I am directed to acknowledge the receipt of your letter, No. 757, dated the 28th June last, submitting a classified list of Civil Medical charges, and in reply to state that the proposal involves a much larger proportion of 1st Class stations than has been allowed in any other Presidency or Province. The highest number of 1st Class appointments appears to exist in Bengal, where, out of a total of 34, six rank in that class. In the North-Western Provinces only 3 out of 31 are 1st Class. In Bombay the proportion is higher, viz., 4 in 27; while in the Punjab 5 in 30, in Oude and British Burmah 1 in 4, and in the Central Provinces 3 in 13, have been made 1st Class stations.

2. Out of 26 Civil Surgeons' appointments, the Madras Government propose to make 13, or one-half 1st Class; assigning 4 of these to Hill stations, which are nowhere else, except in Bombay (a special case), included in the 1st Class.

3. I am, therefore, directed to request that you will be good enough to move His Excellency the Governor of Madras in Council to re-consider the question, and to reduce the number of 1st Class appointments to six at most.

4. I am further to remark that in other Presidencies the charges of Hill stations have been made 2nd Class appointments.

No. 113. ORDER THEREON, 16th March 1868, No. 339.

Communicated to the Inspector General, Indian Medical Department, who will submit a classified list of Civil Medical charges, revised in accordance with the orders of the Government of India.
