No. 24. ORDER THEREON, 3rd April 1868, No. 429.

With the above letter the President of the Kurnool Municipal Commission forwards the estimates of that Municipality for the year 1868-69.

2. The estimated outlay amounts to Rupees 30,062, and is composed of the

	RS.
New works and improvements.....	5,500
Repairs.....	5,500
Conservancy.....	9,100
Police.....	6,612

items marginally noted. The detailed Statement A. gives very little more information than the abstract B. The entry, "New Buildings Rupees 3500," does not explain the purpose of the buildings. Information should be given

on this point. Similar remarks apply to the heading Repairs, of the charge for which Rupees 4500 is devoted to roads, and the remainder to buildings and drains. Under Conservancy, "Cleaning of drains, &c., water supply" are entered at Rupees 3000. The water supply is not an expenditure provided for under Section 25 of the Act, and expenditure thereon should be shown separately under its proper head. The Police expenditure is entered at Rupees 6612, while the Superintendent's estimate is Rupees 6499-14-2. The discrepancy will be explained. Under Establishment should be given a detailed statement of the servants employed, and their salaries.

3. The estimated income, including Rupees 6500 balance from 1867-68, is equal to the expenditure, viz., Rupees 30,062, but the Government contribution is wrongly assessed. If the Commissioners raise Rupees 18,850, the Government contribution will be Rupees 6283.

4. The estimates must be revised with reference to the above remarks, and be re-submitted as soon as possible. Notifications of the taxes to be imposed, and persons to be appointed Town Commissioners, will be published once in the *Fort Saint George Gazette*, and for one month in the *District Gazette*.

5. The docket on the President's letter is incorrect, as this communication is not a report on the operation of the Municipal Act in Kurnool.

on the operation of the Municipal
Act in Kurnool.
