*Proceedings of the Madras Government, Public Department,
6th April 1868.*

Read the following papers :—

No. 58. From the Under Secretary to the Government of India, to the Chief Secretary to Government, Fort Saint George ; dated Fort William, 17th February 1868, No. 771.

Home Department.

I am directed to acknowledge the receipt of your letter, No. 1628, dated the 31st of December last, forwarding a Quarterly List of Uncovenanted and Subordinate Medical Officers in charge of Civil Stations in the Madras Presidency.

2. In reply, I am directed to forward copy of a letter, No. 112, dated 9th ultimo, addressed to the Government of Bombay, and to inquire (1) whether Cocanada Chicacole, and Chetterpore are “ Civil Stations,” as defined in that letter ; (2), if they are not Civil Stations in the sense assigned, whether there is any thing special in any of the three cases to make them an exception to the Rule, excluding all but Officers in charge of Civil Stations from the Graded List.

From the Secretary to the Government of India, to the Acting Chief Secretary to the Government of Bombay ; dated Fort William, 9th January 1868, No. 112.

Home Department.

I am directed to acknowledge the receipt of your letter, No. 1933, dated 25th November 1867, forwarding two Lists of Uncovenanted Medical Officers, and Officers of the Subordinate Medical Department, and inquiring what stations can be correctly termed “ Civil Stations” for the purpose of the new organization of an Uncovenanted Medical Staff.

2. In reply, I am directed to state that a “ Civil Station” is ordinarily the Head Quarters Station of a district, but that in some exceptional cases, where a Civil Sub-division exists at an important place in the interior of a district, the importance of the Civil work, and the distance of the spot from the Head Quarters of the district, may render it expedient that a specially qualified Medical Officer should be allowed ; and such places, though rarely, have been constituted separate Civil Medical charges.

3. It is requested that the Government of Bombay will, in the first instance, submit a List of Civil Stations, the importance of which is such that it would be desirable, if possible, to appoint a fully qualified Medical Officer to the Civil Medical charge, explaining, in all cases in which the Station is *not* the Head Quarters of the district, the exceptional reasons which justify the step.

4. I am to state that an Uncovenanted Officer appointed to any such Station will alone be *entitled* to come on the Graded List, and not every Uncovenanted Officer with an independent Medical charge, as, from the List submitted, appears to be understood by the Bombay Government.

5. If, however, the Government of Bombay considers that any particular Civil Medical Officers not in charge of Civil Stations should be placed in the same category, it is competent to represent specially such cases to the Government of India.

Referred to the Inspector General, Medical Department, for report. An early reply is requested.

FORT SAINT GEORGE,
2nd March 1868.

(Signed) R. S. ELLIS,
Chief Secretary.
