Proceedings of the Madras Government, Public Department, 7th April 1868.

Read the following letter from the Directors of the Monegar Choultry.
(Here enter 7th March 1868).

ORDER THEREON, 7th April 1868, No. 452.

It appears that the receipts from all sources during the year 1867, on account of the Monegar Choultry and the institutions connected with it, amounted to Rupees 20,199-4-0, and that the disbursements for the same period were, as per Account Current submitted with the foregoing Report, Rupees 20,181-8-11, leaving, with the amount in hand on the 1st January 1867, a balance at the close of the year of Rupees 1,771-7-8 in favor of the charity.

Actual disbursements in 1867, as per Account Current......	20,181	8	11
	1,771	7	8

2. The decrease in the expenditure for maintenance, &c., as compared with the preceding year, arises, it is observed, from a diminution of 26 per diem in the number of paupers maintained. This reduction in the number of paupers maintained at the Monegar Choultry is due to the charity of the Vencatagerri Rajah, who has endowed a Choultry which is nearly completed. Pending its completion the recipients of the Rajah's charity have been fed at his expense, under the direction of the Directors of the Monegar Choultry.

3. It is hoped that the improvements recently made to the Monegar Choultry premises, which include separate accommodation for caste paupers, may induce the more wealthy of the Native community of this city to contribute more liberally than hitherto towards the relief of the infirm Native poor.

4. In his Medical Report, under the head "Idiot Asylum," the Surgeon, 1st District, remarks as follows :— "Of their number *eleven* died, including one who succumbed to a serious injury of the chest, sustained in a scuffle with the servants of the institution during the month of January." The Government desire to have before them the particulars of this case.

5. The Government fully participate in the sentiments expressed by the Directors in the last paragraph of their Report regarding their Secretary and Treasurer, Mr. T. G. Clarke, to whose untiring zeal and energy in promoting the interests of the charity must, in a great measure, be ascribed the successful working of the institution.

6. Resolved that the Report, with the Treasurer's Account Current with the Monegar Choultry for the year 1867, be published in the *Fort Saint George Gazette*, and that the thanks of Government be tendered to the Directors for the interest they have taken during the past year in the management of the affairs of the institution.

GENTLEMEN,

I am directed to acquaint you that His Excellency the Governor in Council has been pleased to appoint you to be a Committee for managing the affairs of the Monegar Choultry for the year 1868, and to request the favor of your services in promoting the objects of the institution.

I have the honor to be,
Gentlemen,
Your most obedient Servant,

FORT SAINT GEORGE,
7th April 1868.

Chief Secretary.

Exd. J. Tullock.

To

The Right Honorable
Francis Baron Napier K. T.
Governor in Council
Fort Saint George

My Lord,

We have the honor to submit the annual Reports and Accounts, noted in the margin, for the year 1867, of the several Institutions under our Superintendence, Viz: the Monegar Choultry, the Native Infirmary, the Asylum for Foundlings and Stray Children, and the Vencatagherry Rajah's Charity.

1 The Cash account of the Treasurer
2 A list of subscribers, and Donors, to the Institution
3 The Superintendent's Report and Statements
4 The Surgeons, Report
5 Abstract of Expenses, incurred on account of Foundling and Stray Children during the year 1867.
6 Abstract of Expenses, incurred on account of Vencatagherry Rajah's Charity from 1st June to 31st December 1867.

2 The average daily number of Paupers, including Foundling and Stray Children, maintained throughout the year in the Monegar Choultry, was 202, while in 1866, it was 228 or 26 less per diem, during the year under report.

3 The average cost per diem of each Pauper in the Choultry was 1 A. 9/4 P., of each Patient in the Infirmary 2 As. 11/16 P., and of each child in the Foundling Asylum 1 A. 3/4 P.

4 The expenditure under all heads, as noted in the margin, amounted in the aggregate to Rupees 18,611-10-9, while in the

Dieting	Rs 9,081-14-5

year it aggregated Rupees 22,431-14-4, the decrease being Rupees 3820-3-7.

5 The Receipts from all sources during the year 1867 was, Rupees 20,199-4-0, inclusive of the [illegible] received in full from the late Agra and Masterman's Bank, as [illegible] from the accounts of the Treasurer, and which are likewise noted in the margin.

	Rs
Government Donation	7,000-0-0
Nabobs	1,050-0-0
Public Subscriptions	4,028-12-0
Interest on Funded property	4,430-10-9
From Government for Foundling Asylum	492-0-0
Do for Idiots Asylum	2,637-13-6
Miscellaneous Receipts	215-12-3
Rupees	19,855-0-6
Amount received from the late Agra and Masterman's Bank the full amount of balance due when it stoped payment	344-3-6
Rupees	20,199-4-0

6 In the early part of the year, Interest, amounting to Rupees 418-0-0 on Government Securities, together with Rupees 344-3-6 (being the balance due by the late Agra and Masterman's Bank) were realized, and, as usual, deposited in the Government Savings' Bank.

With reference to Para 12 of our Report for the year 1866, dated 20th February 1867, we beg to state that we deemed it desirable to cause extensive alterations, and improvements, to be made to the Hospital and Monegar Choultry Premises, under the Superintendence of Mr Chisholm, the Civil Engineer, as recommended by the Sanitary Commissioner, the Honorable A. J. Ellis, in his Report to Government dated 17th July 1866, No 136, for which the sum of Rupees 16,900-0-0, heretofore invested in Government Securities, has been assigned to meet the expenditure.

+ Vide the Records of Govt Sanitary Commission [illegible] to the Directors [illegible] Monegar Choultry on the 20 July 1866

8 We hope very shortly to be able to appropriate a set of airy wards for the exclusive benefit of Caste Paupers, and by to meet an objection which has often been raised by gentlemen when asked for subscriptions, that the management of the Choultry does not afford the means of relief required for the class of Natives which most enlist their sympathies.

9 When the new Buildings, and the consequent allotments of the Choultry Premises are completed, we propose to call a Public Meeting, and endeavour to obtain the support of the wealthy Natives of the Town of Madras, which has hitherto been wanting to an Institution which is exclusively devoted to the Native poor of all classes.

10. The charity of the Vencatagherry Rajah having come into operation on the 1st June in the year, has tended materially to reduce the number of Inmates which would otherwise have been provided for in the Monegar Choultry at an additional expenditure of about Rupees 1,910-0-0 for the last seven months.

11 Although the building of the Rajah's Choultry is complete, yet, owing to the want of the necessary out-houses, &ca, it has not as yet been thrown open for the reception of Paupers; we however trust that, in the course of a short time, through the extended bounty of the Rajah, the buildings will be available for the Paupers.

12 Pending the completion of the Choultry &ca, and with the view to give effect to the Rajah's wishes without delay, a temporary Shed was used for the accommodation of the Paupers, at which, on an average, 70 Paupers were daily fed with Cooked food, and about 90 Caste men and women were each sup

daily with two Measures of Raw rice, at an aggregate expenditure of Rupees 2451-12-10, inclusive of Establishment.

13 This is in accordance with the conditions imposed by the Rajah on his grant of Rupees 5,000.

14 The Institution of the Vencatagherry Rajah's Charity and its affiliation with the Monegar Choultry, has had the effect of enlarging the means at our disposal for providing more generally for the distressed Native poor of the Presidency Town and the adjacent Villages.

15 We gladly avail ourselves of this opportunity to bring before the Government this immediately beneficial effect of the munificent endowment of the Vencatagherry Rajah.

16 Under the Orders of Government dated the 12th March 1867, No. 62, Public Department, the Idiots heretofore under our charge were removed to the new Asylum on the 10th May in the year.

17 It is satisfactory to state that during a time of distress, current subscriptions× have not diminished; but we should mention that the increase to the funds of the Institution, is owing to the liberal donation of Rupees 1,000-0-0 received from his Highness, the Maha Rajah of Travancore, during his visit to Madras.

18 In concluding their report, the Directors are desirous of recording how greatly the efficiency of the Monegar Choultry is due to the able assistance which has

has been afforded to them in every branch of the administration by their colleague and honorary Secretary Mr. J. G. Clarke, whose name has been so long and so usefully connected with this Institution.

The Infirmary is undergoing extensive alterations and additions. Wards 5 & 6, which used to be occupied by females, have been entirely demolished, and the others, formerly allotted to women, are occupied by men. As a temporary measure, all the wards in the southern block are now used for female patients – an arrangement which will continue until their occupants can be removed into the new womens' wards, at present under construction in an enclosed area, west of the old hospital. When the proposed additions are completed, the wards for females, with accommodation for forty inmates, will be entirely distinct from those for males, of whom sixty may be entertained, with an allowance of 80 superficial feet for each individual. The present latrines are to be removed, and four others substituted - two adjacent to the male, and the other two contiguous to the female wards. The Epidemic wards, formerly the Foundling Hospital, are, by a recent order of Government, to be transferred to the Leper Hospital, as soon as a new block of buildings for infectious diseases has been built on a spot, west of the enclosed space on which the female wards are being constructed. The new Epidemic wards are to furnish accommodation for twenty patients - i.e. twelve men and eight women, with an allotment of 100 superficial feet to each person.

No 435.

In my last Annual Report I alluded to the necessity for more hospital accommodation, in consequence of the large number "of hopeless cases received into this Infirmary not only from the 1st District, but also from other districts of Madras, and even other public hospitals." That necessity has been rendered still more urgent by the extension, during the year, of the Monegar Choultry, and the erection of another Almshouse by the Rajah of Venketagherry, whose name the new Institution bears. With these sources of supply to the enlarged Infirmary in addition to the populous district from which a considerable number of its inmates are drawn, it may be expected that its hundred beds will be generally occupied, and I need scarcely say that so large a hospital must constitute a fine field for practice, and present opportunities for observation second only to the General Hospital of Madras.

The superior healthiness of the past year is attested by a considerable reduction in the number of admissions into this Institution. Eleven hundred and eighty five cases were entertained, and they are less by about twenty four per cent than those admitted in 1866. As fifty two remained from the previous year, the total treated in 1867 were twelve hundred and eighty seven, among whom there were two-hundred and seventy three casualties, giving a proportion of 1 in 4·531, - so that there has not only been a smaller amount of disease in the past twelvemonth, but such diseases as prevailed were less formidable and fatal. Still, the mortality of the hospital continues high, and, as in former years, so in this, I deem it necessary, with a view of accounting for the long casualty-list, to shew the number of those, who were brought into the Infirmary moribund, and also the very advanced age of a large proportion of the fatal cases.

a. Thirty-two patients died in twenty four hours and under; and of that number three sank within a few minutes; three in half an hour; and fourteen others within six hours. -

b. Of the sum-total (two-hundred & seventy-three) of casualties, one hundred and eighteen were above fifty years of age; and of these sixty-two were between fifty and sixty; thirty-nine between sixty and seventy; and seventeen between seventy and eighty and upwards.

Idiot Asylum

On the 11th of May, the Insanes of the former (so called) Idiot Asylum were removed to the Lunatic Asylum, and ceased to be under my medical charge. From the commencement of the year to the date of their removal, twenty nine patients came under treatment in the Native Infirmary.

* * * *

Of their number eleven died, including one who succumbed to a serious injury of the chest, sustained in a scuffle with the servants of the Institution, during the month of January. The casualty list was considered a heavy one by Government, and formed the subject of an explanatory report which was forwarded to the Deputy Inspector General on the 16th September 1867. To the contents of that report I have nothing to add beyond the fact, that the mortality, about which reference was made, did not exceed that of 1866, while it was considerably below that of 1865.

The buildings formerly occupied by Insanes, have been incorporated with the Monegar

Choultry, and allotted in part to Foundlings, and [illegible] part to Paupers. I mention this particularly to show that the removal of the Insanes will not reduce the work of this hospital, although it must alter the description of patients who come under treatment.

Foundling Asylum

Memorandum

Remained on the 31st December 1866	21
Admitted	14
Discharged	15
Died	6
Remaining	14

Amongst the thirty five occupants of the Foundling Asylum, mentioned in the foregoing table, there have been no less than seventeen cases of disease, in six of which a fatal result occurred. Marasmus eventuated in death in three instances – the infants being respectively two years, four months, and one month old. General Dropsy in one, and Diarrhœa in another, child of four years of age, was the cause of dissolution; and the sixth casualty was brought about by Pneumonia in an infant of twelve months. This mortality, though higher than that of last year, is by no means so high as that of most Foundling Hospitals, in which the tender age of the patients, the circumstances under which they become inmates of such Institutions, and the substitution of artificial feeding or of a nurses' milk for that of their own mothers', must tell very prejudicially against the chances of life.

8 The increase under this head is Rupees, 235-12-2. This is on account of a larger number of Cumblies purchased, at an higher rate than the previous year, but of a much better quality, and also Coir Mats being substituted, in lieu of Date Mats. The price of the former being 1 Rupee, and the latter A. P. 1-4 each.

N.

i.e. with the amount in hand on the 1st Jany 1867 !!

It appears that the receipts from all sources during the year 1867, on account of the Monegar Choultry and the Institutions connected with it, amounted to Rs. 20199-4-", and that the disbursements for the same period were, as per Account current submitted with the forgoing report, Rs. 20,181-8-11, leaving a balance at the close of the year of Rs. 1771-7-8 in favor of the charity.

2 The decrease in the

expenditure for maintenance &c. as compared with the preceding year, arises, it is observed, from a diminution of 26 per cent in the number of paupers maintained,

3 It is hoped that the improvements recently made to the Monegar Choultry premises which include ~~(among other objects~~) ~~the better~~ separate accommodation for caste paupers, may induce the more wealthy of the native community of this city to contribute more liberally ~~in proportion to their means~~ than ~~they have~~ hitherto ~~done~~ towards the relief of the infirm native poor ~~benefit of their poorer brethren~~.

4 In his Medical Report under the head "Idiot Asylum," the Surgeon, 1st District, remarks as follows "Of their number eleven died, including one who succumbed to a serious injury of the chest, sustained in a scuffle with the

This ~~diminution~~ reduction in the number of paupers maintained at the Moneygar Choultry is due to the ~~the~~ charity of the Rajah Vencatagiri ~~Zemindar~~ who has endowed a Choultry which is nearly completed; Pending its completion ~~the paupers nearly one hundred paupers~~ the recipients of the Rajahs charity have been fed at his expense, under the direction of the direction of the Moneygar Choultry.

the servants of the Institution during the month of January." The Government desire to have before them the particulars of this case.

5 The Government fu participate in the sentimen expressed by the Directors in the last paragraph of their report regarding ~~in favour of~~ their Secretary and Treasurer, Mr. J. G. Clarke ~~&c~~ to whose untiring zeal and energy in promoting the interests of the charity must, in a great measure, be ascribed the successful working of the Institution.

6 Resolved that the Rep with the Treasurer's Accou Current with the Monegar Choultry for the year 1867, be published in the Fort St. George Gazette, and

that the thanks of Government be tendered to the Directors for the interest they have taken during the past year in the management of the affairs of the Institution.
